ADVANCED REFRIGERATION

The TOP of every Frigidaire is a porcelain-topped table!

Women with only two hands find the broad, unnumbered top of the Frigidaire a very real blessing a dozen times every day... Food on its way into a Frigidaire and food on its way out need not be joggled, or tilted, or inconveniently parked on the distant kitchen table... the flat expanse of snowy porcelain top the Frigidaire makes such a perfect serving shelf... It is an ideal place to put piping-hot things that should be cooled off before they are exposed to low temperatures... a splendid permanent place to keep the few foods that need not be refrigerated... And nothing—hot or cold, smooth or scratchy—can in any way mar the life long lustre of its diamond-hard Porcelain-on-steel finish.

TERMS WILL BE ARRANGED TO SUIT THE PURCHASER

A conveniently flat, unnumbered serving table top is one of the very real advantages of Frigidaire Advanced Refrigeration. There are many others. It is these major improvements, developed by Frigidaire, that have made household refrigeration so healthful, convenient and economical. We invite you to come in and learn all about them.

THE NEW ALL WHITE PORCELAIN-ON-STEEL FRIGIDAIRE ARE SOLD WITH A 3 YEAR COMPLETE GUARANTEE
