OBITUARY

JAMES O'NEILL

James O'Neill, one of the oldest and most respected residents of Limehouse, Ont., died suddenly in his seventy-ninth year at the home of his daughter, Mrs. Arthur Cooney, 147 Wright Avenue, Toronto. Born in Newton Stewart, County Tyronne, Ireland, he came to Canada as a child and settled with his family in Nassagaweya Township. In 1873 he moved to Limehouse, where to took a position with the Toronto Lime Cmpany with which he had been connected as a trusted employee until four years ago, when he retired. In 1875 he married Catherine Sharp of Limehouse, who predeceased him last February. Mr. O'Neill was a Roman Catholic, and was a member of the Independent Order of Foresters. He was a Liberal in politics. He is survived by five children: Alexander of Kamloops, B. C.; Mrs. A. Cooney of Toronto; Joseph H. of Toronto; Mrs. Edward Farrell of Welland, and Frank of Toronto.

JOHN COWIN SHORTILL

A solemn and impressive funeral service was held in Ballinafad United Church, Friday afternoon at four o'clock for the late John Cowin Shortill of Edmonton, who passed away suddenly at the home of his sister, Ballinafad. The service was in charge of Mr. Waddell, assisted by the Rev. M. M. Bennett, cousin of the deceased and was largely attended. Interment took place in Ballinafad cemetery. The Acton quartette sang two favorite hymns of deceased. The pallbearers were Mr. I. J. Bennett of Virden, Manitoba, Mr. Albert Hannam, Galt, Ont., Messrs. Richard, Harry, Robert and Fred Shortill of Ballinafad. The casket was banked with beautiful foral offerings which bore silent tribute of respect and sympathy. Mr. Shortill is survived by his wife, Mabel Cosford, one daughter, Winnifred, a nurse in training at the University of Alberta Hospital in Edmonton; three sons, Hubert, attending Queen's University, Kingston; Murray and Bennett at home in Edmonton; two sisters, Miss Joanna Shortill, Ballinafad and Mrs. Albert Walters, New Orleans, La.; three brothers, W. RADIAL SHORT LIVED

CARS WILL STOP RUNNING AUGUST 15th

It is definitely understood that the Canadian National Electric Railway running between Toronto and Guelph will cease operations after August 15th Employees have been notified and find that so far as this road is concerned they will be out of employment after that date.

The road has been in operation for nearly twenty years and has given a good service, both passenger and freight. At first the service was quite limited, but as time went on, both accomodation and freight equipment were greatly improved. From many points along the line the cutting off of this railway will be greatly missed, especially in such places as Norval and Limehouse in this locality. Whether the action to be taken will be permanent remains to be seen.

Some time ago the C.N.R. purchased the Eldorado Park and this added materially to the summer business upon the whole, however, the steam line, the busses and the motor trucks, appear to have made the competition too keen, and the electric road failed to produce a revenue that would make possible interest payment to the bondholders.

The change will, in the meantime, disturb some business customs of the people east and west and will inconvenience pupils who have been attending our high school.

To Alter Magistrates' Pay From Fee to Fixed Salary

OAKVILLE IS FIRST

With the ultimate intention of placing all magistrates on salaries instead of fees, several initial changes were announced by Hon. W. H. Price today. While the attorney-general would not submit the new policy, as one essentially adopted to eliminate speed traps for unsuspecting motorists he said this possibility was one of the factors in determining the change.

One of the first magistrates to come under the new policy, the attorney-general said, was Magistrate McIlveen, of Oakville, and several adjacent townships in the county of Halton.

Magistrate McIlveen is now being paid a salary of $1,800 by the province, while the municipality of Oakville contributes an additional amount.

The salary appointment of John R. Elliot of Milton as magistrate in the same county was also announced by Col. Price. Magistrate Elliott will take the place of the late Magistrate Moore of Acton, who formerly received $3,500 and covered a large section of the county. It has not yet been determined whether a magistrate is needed at Acton or Georgetown.

Another magistrate to be changed from fees to salary will be Magistrate Hawkshaw of Strathroy, who, tries all cases in Middlesex county, with the exception of those in the city of London.

The attorney-general said that policy of placing magistrates on salaries instead of fees will gradually be extended to all parts of the province. These cannot be effected at once because in many parts it would be inadvisable because of the small number of cases.

The first sections of the province to come under this policy will be those where traffic is heavy and where it is possible for constables and magistrates to be over-zealous on traffic cases.

The attorney-general pointed out that the new policy was not to be considered a reflection on constables or magistrates.

Magistrates working on fees receive approximately $2 in cases coming before them, depending on the number of adjournments and other factors. In some portions of the province their remunerations under this system has run up around $200 a month in the summertime, said Col. Price.

CUB NEWS

On Friday evening July 31st the camp of the Georgetown Wolf Pack was officially opened. Around a large camp fire the rules of the camp were given out by the Cub Master.

A program had been arranged for each day, and the cubs had very good training and enjoyed themselves immensely. Excellent meals were supplied by the cooking staff, who stuck to their posts despite the very heavy downpour which was suffered on Sunday.

On Monday night, Aug. 3rd a closing celebration was held and many visitors called in. Among those present was the Georgetown Scout Master and wife and his young daughter. Refreshments were served and all present enjoyed a good time. Tuesday morning at 10.30 the camp came to a close with a speech by the Cub Master and the lowering of the flag.

BUSES FORCED RADIAL TO CEASE OPERATING

Notice has been served to the trustee of the Toronto surburban railway that the Canadian National Railways will cease operating it on August 15, Gerard Ruel, vice-president in charge of legal affairs of the Canadian National Railways, said last week.

"The trustee can operate it on his own account after that date if he chooses," said Mr. Ruel. "We are now waiting for a decision on that point. Eldorado Park goes with it.

"Due to competition from trucks and busses the line has not been paying the monthly lease, the loss being $6,500. There is no question of any place on the line being left stranded. They are already served by motor vehicles which they evidently prefer to the surburban railway."

BONDHOLDERS HIT BY RADIAL FAILURE

When the Canadian National Electric Railways cease to operate the Toronto-Guelph radial line on Aug. 15 the bondholders will probably suffer heavy loses on their investment.

"The abandonment will constitute a default and the line will then revert to the bondholders, who hold a first mortgage on it," said A. J. Mitchell, representing the trustees of the issue. It is improbable that any attempt will be made to continue operation. "The operation of the line under the Canadian National Electric Railways has been unprofitable, but I am in no position to say whether or not it could be made a paying proposition under different management," said Ernest Oliver, Manager of the Canadian National Radial Lines.

This bond issue of $3,632,000, was launched in England thirteen years ago, but large interests are held by Canadians. The Canadian National Railways have paid the dividends in the past, but did not meet the dividend due July 15th.

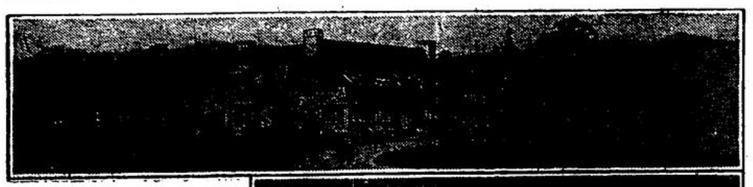
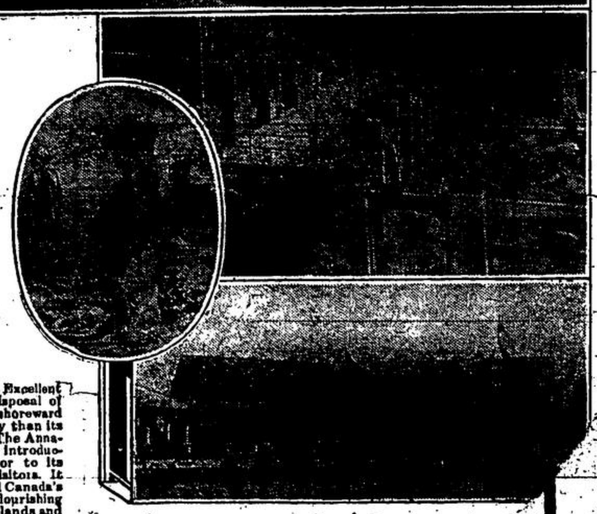
SUMMER IN THE MARITIMES





The picture above shows the new Lakeside Inn, the C.P.R. hotel at Yarmouth, N.S.; centre the bathing pool in the grounds of the Pines Hotel, Digby, N.S.; and below, the Algonquin Hotel at St. Andrews-by-the-Sea, inset a typical satisfied junior patron of Maritime sea, sand and sunshine.

Sunshine and gleaming sands! The laughter of scampering childhood mingled with the organ-swell of the Atlantic breakers as the cream onto the shores of the Bay of Fundy! Here is holiday health and happiness. All along the beautiful coast of Nova Scotia are countless watering places, whose names have become household words among lovers of the seaside. Excellent hotels are at the disposal of visitors and the shoreward scene is no less lovely than its marine competition. The Annapolis Valley needs no introduction to Canadians or to its countless American visitors. It has been rightly called Canada's Devon, with its flourishing orchards and pasture lands and its countless picturesque farms and hamlets. A few hours journey by palatial steamer from Saint John, N.B., Digby, with its Pines and its air of activity, rivals Kentville with its Cornwallis Inn, and Yarmouth with its new Lakeside hospitality to the holiday-seeker. Golf, tennis, bathing, fishing, yachting and innumerable drives are only a few of the recreations available. On the New Brunswick mainland, father of Maritime hospitality, the Algonquin Hotel, at St. Andrews-by-the-Sea, sets a standard of summer resort life on the continent. The luxurious hotel, with its many attached cottages, is the centre of exclusive colonies of the Dominion. The golf links, known throughout the length and breadth of the land as championship courses available, are meet fitting sake of the home of the game in old Scotland. The Canadian Pacific Railway places all these resorts within easy access.
