### TO SUBSCRIBERS IN ARREARS

We have a large number of subscribers on our list who owe us in the aggregate a large amount of money. We have been waiting patiently for a lot of this money, but the time has come when it is necessary for us to collect the same if we wish to remain in business. The individual amounts owing are small and we would ask every subscriber in arrears to kindly remit what is due as between now and Dec. 31st. After this date all arrears will be placed in other hands for collection. This action is absolutely necessary and we would ask all concerned to kindly attend to same now—Thank you.

### HERE'S THE RUB—THERE'S NO RUB!

Surprising, perhaps, to know that at no stage of the washing in this up-to-date automatic laundry is there one drop of rubbing. The secret of the super-fine work is no secret at all—it is the use of a patent, painstaking attention to details, such as softening every drop of water used; making certain that soap, etc., are properly regulated to a degree, the temperature of the water—the rest is a gentle sloshing in warm suds and many rinsings. There are eight different kinds of laundry wash service here, each one slightly different to meet varying requirements, and all moderately priced. Phone 328. Stop any one of our courteous driver-salesmen or use our cash-and-carry department.
