REMINDS
Jinks was always complaining of his wife's bad memory. "She can't even remember anything," he said. "I'll try," said Brown. "I'll find a capital recipe," said Jinks. "What was it?" asked Jinks. "I'll tell you," said Brown. "Whenever there's anything you want her to remember, write it on a slip of paper and keep it in my cash pocket." "I'll do it," said Jinks. "I'll see you ride a horse before!" said the stable sergeant. "No," said Jinks. "I'll see you ride a horse before!" said the stable sergeant. "No," said Jinks. "I'll see you ride a horse before!" said the stable sergeant.

Can you do this in your automobile?
CAN you shift all gears—first, second, third or reverse—swiftly and easily without even touching the clutch pedal, a major advantage of Wizard Control?

KEEP A-GOIN'
If you strike a thorn or rose, Keep a-go-in'. If it hurts or if it stings, Keep a-go-in'. 'Taint no use to sit and whine, When the fish ain't on your line, Bait your hook and keep on tryin' Keep a-go-in'.

When the weather kills your crop, Keep a-go-in'. If you tumble from the top, Keep a-go-in'. Splice your out of every dime, Bittin' brass ain't any crime, Tell the folks your feelin' prime, And keep a-go-in'. When it looks like all is up, Keep a-go-in'. Drain the sweetness from the cup, Keep a-go-in'. See the wild bird on the wing, Fear the bells that sweetly ring, When you feel like sighin', sing, And keep a-go-in'.
—Frank I. Stanton.

HOW HE FOUND A HOME

It was a red-letter day in Harold's life when he found a home. He had been a wanderer for some time, but now he had found a place to call his own. He had been told that the place was good, and he had decided to try it. He had been told that the place was good, and he had decided to try it. He had been told that the place was good, and he had decided to try it. He had been told that the place was good, and he had decided to try it.

AGE LIMIT FOR PENSIONS

The Toronto Telegram, whose opinions on many subjects we have learned to respect, reports that the Government is considering a bill to lower the age limit for old age pensions from 65 to 60 years. This is a very important matter, and one which should be given the most careful consideration.

THE GOLDEN GLOVES FAMILY

Dorothy sighed a great sigh as she looked at the golden gloves. They were the most beautiful she had ever seen. She had heard so much about them, and now she was holding them in her hands. She was so happy, and she was so proud. She was so happy, and she was so proud. She was so happy, and she was so proud.

SOME OF THE SIGNS OF THE TIMES

Some of the better golf clubs are reporting a waiting list again. There are signs that a motor car will be up, at the pumping stations just yet, but they have ceased saying "Oh, a gas motor car" as we grasp the details of the life of these ancient cities, especially as we begin to realize that their mode of living was so different from ours. Until this "Mound of the Dead" was explored we had no suspicion that the ancient cities of the world were so close to us. The discoveries have added to our knowledge of the life of the ancient world, and they have added to our knowledge of the life of the ancient world.
