A. G. Kirstine, Agricultural Representative for the County was introduced by the chairman, Mr. T. L. Leslie and spoke in connection with 1932 observations which he had made of Agricultural Fairs at various times and

The first point mentioned in his talk was the fact that in so many hibits at Fall Pairs were too light Moved by Cummings, seconded by expressed the opinion that the seed Davis, that the salary of James Mil- and grain exhibits at our Fall Fairs could very well be bolstered up to the fair. To substantiate this comtention he quoted the winnings of Halton County entries at Guelph seed fair held this fall. Another point was left in the form of a question for the officers of the fair to decide. Is there any relationship between the success of an Agricultural Fair and the presence or absence of midway attrac-

gentlemen present some of the lines of work which the Department of Agriculture in Halton County is carrying on, mentioning particularly the formation of a Cow Testing Association—which was made last year and a Seed Drill Survey which is being conducted during the present time. The samples for which were collected last spring through the co-operation of the school teachers and school children throughout the county. Mr. Kirstine spent some little time explaining the details of how this survey is carried on and the methods Agriculture in Halton County is carryvey is carried on and the methods that are practiced in the completion of this work and concluded his remarks with placing the local branch of the Department of Agriculture at the service of the farmers of the county, with a plea for their closer Concerts in the Gregory Theatre last Sunday evening There was a full house and all were delighted with the Tt. was decided to their closer concerts in the Gregory Theatre last might proceed with the greatest amount of satisfaction.
