OBITUARY

WILLIAM J. CAMPBELL

The death occurred at his home on Saturday of Wm. J. Campbell, 41 Hillsdale Ave., E. aged 70, after a sudden heart attack. Before retiring and coming to live in Toronto, he was actively connected with the milling trade at Bloomfield, Prince Edward county, Norval and Whitby. He is survived by his wife, three sons, Victor H. Campbell, Toronto; Henry L. of Port Corborne, and Arthur C. of Ottawa; and three daughters, Mrs. W. A. Johnson, Mrs. Wilson Aldred and Mrs. Fred Gollop.

HARRY KNIGHT

With deep and genuine regret the many young friends of Harry Knight, 21-year-old son of Mr. and Mrs. Harry Knight, Queen Street West, learned of his death which came with startling suddenness at the Peel Memorial Hospital shortly before noon last Wednesday. He had successfully underwent an operation for appendicitis at the hospital last Saturday and, it was believed, he was making splendid progress towards recovery. It was on Tuesday night that complications developed which later proved fatal. Harry was born in Brampton and has always lived here, in recent years working at the Dale Estate. He was a member of Christ Anglican Church. Besides the grief-stricken parents, his passing is mourned by four sisters, Mrs. W. G. King, Brampton; Mrs. T. Sansom, Orillia, and Hilda and Nellie at home.—Brampton Conservator.

MISS H. M. KEDDIE

At her home, 44 Colborne St. E. Oshawa, in the early morning of Good Friday, March 25th, Miss Helen Maude Keddie, eldest daughter of the late Mr. and Mrs. J. B. Keddie, passed peacefully from this life to that of the Great Beyond. Her going marks the close of a life of singularly faithful and efficient service for others.

Practically all of Miss Keddie's life has been spent in Oshawa. Educated in our Public and High Schools, she returned from Normal to take a position on the staff of Public School teachers and taught, during the course of her many years' service, all grades from the Primary to Entrance classes.

In 1911, at the request of the late Supt. of Public Schools, Mr. Tice, she accepted the position of Principal of Mary St. school, which position she held for nineteen years, as well as teacher of the Primary Class, which latter position she retained until failing health caused her to resign at the close of 1929.

The many evidences of good will showered upon her at this time, testified to the high esteem in which Miss Keddie was held by pupils, ex-pupils, teachers of the Mary St. school staff and of the town. These have not ceased, through all the months of her illness, to give frequent evidence of their loving affection by the sending of beautiful flowers, always keenly appreciated for their beauty, as well as the kindly remembrance they expressed.

Many such tokens were received from the Mary St. Home and School Club, of which she was the first president, and latterly honorary president. Her relationships were ever of the happiest, with those whom she was most closely associated.

A member of Simcoe St. United Church, Miss Keddie was also an interested member of the Women's Missionary Society, but she participated most actively in the work of the Sunday School, where for many years she directed the work in the Primary Department.

Her daily living bears its own high testimony to her gracious influence upon the lives of those who have been privileged to know her best, and to very many she will be remembered long and lovingly as teacher, friend and guide.—Oshawa Times.

Deceased was the dearly loved sister of Mrs. F. W. Brooke, Georgetown.

CASES AT HALTON ASSIZES

Halton County Spring Assizes will open at the Court House, at Milton, Monday next. There is one criminal case, the King versus Stanley Russel of Oakville.

Scarrow versus Lawson; the plaintiff, when riding his bicycle between Acton and Georgetown, alleges he was struck by a car driven by Walter Lawson, and claims $5,000 damages and costs.

W. N. Robinson, on behalf of his infant daughter, versus Byers, auto accident, brought for $20,000 damages for injuries to his little daughter, alleged to have been struck by defendant's car, driven by Dorothy Sutton.

Jury—Hazelhurst versus Featherstone; auto accident, brought to recover $5,000 damages for Gertrude Hazelhurst for injuries alleged to have been suffered when struck by defendant's car; and $2,000 for Charles Hazelhurst, her husband.

RECAPTURE PRISONERS

Five inmates of the Ontario Reformatory, at Guelph, who made a break for liberty Monday afternoon were captured within forty-five minutes after they had left the institution. The fugitives, who used a team and wagon to drive away from the ground, were pursued by a posse of guards and city police, and were caught within a quarter of a mile of the "farm." The men were: George Robinson, Windsor; Thomas Pinnesky, Ottawa; William Simpson, Lindsay; Anthony Elko and Patrick Elko, Perth. Although they threatened pickets who attempted to stop them as they were leaving the reformatory grounds, they failed to put up a fight when surrounded within the city limits, and surrendered to the officers without causing any trouble.

They were placed in close confinement tonight and will appear in Police Court.

TOWN COUNCIL

LIONS CLUB DONATE FOUNTAIN TO TOWN—GRANT TO BAND—WATER RATES TO GO UP—$2000 DAMAGES ASKED BY D. A. McLAUGHLIN

Council met in regular session on Tuesday evening. Mayor Mackenzie in the chair. Reeve Cleave and Councillors Parr, Cummings, Davis, Gibbons, Barnes and Speight present.

Minutes of previous meeting read and confirmed.

Mr. Charles Burnsides on behalf of the Lions Club asked that a drinking fountain be installed on Main Street. The Lions Club would supply the fountain if Council would install same.

Moved by Speight, seconded by Davis that the generous offer of the Lions Club to donate a drinking fountain to the town of Georgetown be accepted with thanks, and that the Waterworks Committee meet the Lions Club regarding the placing of fountain.—Carried.

Messrs. Hale, Herbert and Magloughlen on behalf of the Lorne Rifles (Scotch) Band asked Council for a grant to assist in financing the Band.

Councillor Gibbons was opposed to any grant until he knew whether the Band was controlled by citizens of Georgetown, or the Militia, they now being a Military Band. He thought there should be a management committee composed of representatives of Band, Militia and Council.

Moved by Cleave, seconded by Davis that the Georgetown Band be given a grant of $100.—Carried. Yeas—Mayor, Reeve, Cummings, Barnes, Davis, Parr, Speight. Nays—Gibbons.

Mr. Gibbons said his only reasons for voting against motion was the manner in which public money was being spent. No one appreciated the Band more than he did.

Messrs. Heinbecker & Son of the Georgetown Woollen Mills, owing to purchase of new machinery, etc., asked for an extension of time on payment of rent on property. They also asked permission to remove one mule now in the building which was worn out.

Moved by Gibbons, seconded by Parr that Messrs. Heinbecker & Son be permitted to remove mule and put outside and replace with other mule now in building.—Carried.

A communication was read from the Bank of Montreal notifying Council of increase of interest on loans to 6% from 5½%. Mr. David Wilson, local manager of the Bank of Montreal was present and explained the reason for the raise of rates.

There was considerable discussion regarding the raising of interest rate by the Bank, owing to the fact that Georgetown had been paying 6% for considerable time when other municipalities were getting money at 5½%.

Moved by Cummings, seconded by Gibbons, that this Council through Mr. Wilson make application to the Head Office of the Bank of Montreal to have the rate of interest remain at 5½% as mutually agreed upon at the beginning of the year. Considering also that we had been paying 6% for some time after the other municipalities had only been paying 5½%, and also as the prevailing rate of interest is at the present time only 5% %, this Council do not see why they should pay 6%.—Carried.

Moved by Parr, seconded by Speight that Miss Ryan, collector of Water Rates be instructed to notify all those in arrears that if the same are not paid by June 15th next, their water service will be discontinued and steps taken to collect amounts owing.—Carried.

Councillor Parr gave notice of motion, to be presented at next meeting, regarding the raising of water rates in Georgetown.

Councillor Gibbons gave notice that he would put a motion next meeting night to have the present agreement for water with Mr. Willoughby rescinded and a new agreement made, whereby he would pay the same rates as set for other commercial users.

Mr. D. A. McLaughlin in a communication to Council asked damages of $2000 for injuries received by his daughter, Miss Annie L. McLaughlin, when she fell in front of Mr. C. J. Buck's butcher shop, breaking her leg in two places on March 21st.

BIBLE PRINTED IN 1613

NOW OWNED BY MR. A. E. TOST OF GEORGETOWN

One of the oldest, if not the oldest, Bible we have yet heard of in Canada, is now in the possession of Mr. A. E. Tost of Georgetown, and was formerly owned by the great-grandparents of his father the late Henry Tost.

It was printed in London England by Robert Barker, printer to the Kings Most Excellent Majestie, ANNO, 1613.

The front page bears the following: "To the Most High and Mightie Prince James, by the Grace of God, King of Great Britain, France and Ireland, Defender of the Faith, etc."

The book is well preserved and contains the date of birth of some of Mr. Tost's ancestors. It is a valuable possession and prized very much by its owner.

DISTRICT CONFERENCE IN UNITED CHURCH

A District Conference on church life and work was held Monday in the United Church. Representatives from the congregations of Glen Williams, Limehouse, Ballinafad, Melville and Ashgrove were present.

The Rev. S. W. Dean, D.D., United Church Officer, Toronto, addressed the Conference on "The Organization, tasks and life of the Church." Mr. A. Maclaren then led in a discussion on ways and means of meeting our responsibility.

At 6.30 p.m. the young people representing the above fields met at a beautiful banquet provided by the members of the Y. P. L. of Georgetown United Church. At the close of the banquet Rev. Mr. Rumley, pastor of the church, introduced Dr. Dean who gave a very fine address on the "Meaning of Individual Responsibility." Dr. Outerbridge of Japan then addressed those at the banquet and members of the congregation on conditions in Japan and the immediate need of Christianity in the greatest country in the Orient. It was an able address; every one felt indeed that great days are upon us.

This Conference was one of the first of a series to be held in the Province of Ontario during the spring months.

Jersey Breeders' Banquet

The most successful banquet ever held by the Jersey Cattle Club of Halton and Peel counties was very much enjoyed by all present in St. Paul's United Church school room, Milton, on Tuesday evening, March 29th, over fifty being present from Peel County. The attendance was better than expected, and the program, of which Dr. G. I. Christie, President of O.A.C., Guelph, was the guest speaker, was of a varied character. The toastmaster, Mr. Peter Dick, of Georgetown, Halton County, and President of the Club, performed his duties very acceptably. The address of welcome was given by Milton's popular mayor, E. Iyer. The speaker of the evening, Dr. Christie, was introduced by Mr. Elmo Ashton, as a man of very high qualifications and well fitted to talk on agriculture.

Dr. Christie said agriculture was in a pretty bad way and compared the situation of today with the situation when he was a boy on the farm in Dundas county, when obligations were not incurred there as to-day. Home steading was done, farmers made their own sugar, had their own wheat ground into flour and stored up for the year; schools were not so expensive, roads were not so good, taxes not so high, but as soon as expensive public and high schools, roads, automobiles and many other things of improvements were made, greater obligations had to be shouldered by the farmer. He instanced a case where 500 lbs. of milk was sold for $3.00 on a farm investment for a day, while men employed on campus at the O.A.C. were receiving more in pay per day, with no investment, than the farmer. Yet, he said, the best way was not to let yourself get sick over present conditions. Farmers before have stood the test and would do so again. Stress was also laid on the necessity of learning farming from the ground up, same as any other trade or business, and in so doing would be better qualified to carry on agriculture. Farmers, to be successful, would necessarily need to co-operate in all branches of their work. Halton he said, was a good county, and if you go in for dairying choose a good breed of cattle. If you liked Jerseys, stock and breed the best, as they were one of the best breeds in the whole world. The possibilities of a good profit were better than most any other breed. But with patient effort each breed of cattle will bring good results, as low producing cattle were the cause of a great deal of loss.

Mr. J. C. Bull, Police Magistrate of County of Peel, himself a prominent Jersey breeder, and known all over Canada and the U. S., paid great tribute to efforts made to increase value of stock in the United States and Canada, he himself being responsible in no small measure in this respect. Mr. Bull moved a vote of thanks to the guest speaker of the evening, which was enthusiastically responded to by hearty hand clapping.

Miss Reba Wylie, of Streetsville, gave a very splendid reading.

Mr. J. C. Shearer, Agricultural Representative of Peel County, introduced the guest of honor, Martin Graham of Britannia, Peel county, aged 12 years, who had won a beautiful silver cup at Brampton fair for best Jersey calf over a score of competitors, also first at school fair, and first at Cooksville and Streetsville fairs. This boy, while young, is keenly interested in agriculture, and brings honor to the Jersey breeders.

Others who spoke briefly were Mr. Jas. McKane, President of Peel Holstein Club; Mr. Bird, ex-President Halton Holstein Club; Mr. Green of State of Illinois, U.S.A.; Mr. Brenner, acting secretary of Jersey Breeders' Association of Canada; Mr. Jos. Dolson and Mr. Jack Fraser, of Peel. Mr. Boulter, of Niagara Falls, Ont., fruit grower and prominent Jersey breeder, who owns a Jersey farm near Georgetown, was also present.

The play "The Bishop's Candlesticks," put on by the Streetsville Junior Club, was well received, and these young people will compete this (Thursday) evening at Brampton for the championship of Peel County Amateur Dramatic Art.

The ladies of St. Paul's United Church were highly congratulated on the splendid repast that was prepared. This is only natural, as they are noted for their suppers. The high school orchestra provided excellent music, which helped to make a very successful and enjoyable evening.—Milton Champion.

IS EDUCATION A MENACE?

A new slant on the possible effects of universal education in a world gripped by financial depression was furnished the other day by Dr. Robert A. Milliken, famous scientist, in an address at Hendrix College in Arkansas.

Dr. Milliken was sounding a warning that colleges and universities must not try to educate too many students. This, he said, is a practice that tax-supported schools are especially apt to adopt; and he pointed to conditions in Germany as an example.

In Germany, he said, young men are crowding into the universities as never before, and he added:

"The state has made such education practically free. The easiest and cheapest thing to do in a time of unemployment is to go to the university. The result is that the professions are being flooded with men for whom there are no possible jobs, and jobless, educated men make for social unrest, for revolutions and for wars."

The implications of that remark are interesting. Teaching a man how to think, apparently, is fine business as long as there is something for the man to do with himself; but if you let him sit down in idleness he is apt to start thinking about the society in which he lives and if he sits down long enough he may decide that something ought to be done about it.

This, of course, is just another way of voicing a truth that we often overlook—that educating a man is simply making him dissatisfied with things as they are; a process of arousing his discontent and fixing his eyes on the world that ought to be instead of the world that is.

It works out this way all the way down the line. The illiterate is less apt to protest about bad living and working conditions than a man who managed to get through Grammar school as a boy. That man, in turn is more easily satisfied than the high school graduate who doesn't get discontented as quickly as the college man.

In a nation that is committed to a belief in the value of universal education, the possible effects of that rising scale of discontent are worth thinking about.—Vancouver Sun.

FIVE AUTOMOBILES ALL IN SAME CRASH

Icy pavement is blamed for a multiple accident on the Sixteen Mile Creek Bridge at Palermo, Saturday night, when two cars met head-on; another car following hit a machine involved in the collision, a fourth car crashed into a wrecking truck which was giving assistance and a fifth car rammed the side of the bridge in an attempt to avoid the other autos. The driver of the car which collided with the truck, Seymour Cohn, Elmhurst Ave., Detroit, suffered head injuries and his wife lacerations to the leg.

The cars which met head-on were driven by Clayton W. Heinbecker, Beresford Ave., Toronto, and W. H. Ford, Kingswood Ave., Toronto. Before they could signal a machine driven by Clifford Flyley, St. George, crashed into one of the damaged cars. While a wrecking truck was extricating one of the cars the Cohn car crashed into it and tore away half of one-side. In an attempt to avoid the mix-up J. Oliver of Toronto skidded and drove his auto into the bridge railing. Provincial Officer Ted Kyle of Cooksville investigated.

In part and garden make me sick
I like to see them grow—so thick
As bargains found in Carroll's sell
