ND nails like lumber. A Its light weight makes it easy to handle. It requires no expensive decoration, in fact none at all, when panelled.

Use it for obtaining firesafe walls, ceilings and part!tions throughout your home.

It has structural strength, insulation value, is draught and vermin-proof, easy to install, saves time in new construction and is an excellent base for Gyptex or Alabastine.

Gyproc may be easily identified by the name on the board and the Green stripe along the edge. GYPSUM, LIME AND ALABASTINE.
