25 lbs. OF FAT GONE Rheumstism West With it

"Up to a few months ago I was always troubled with rheumatism. My always troubled with rheumatism. My joints were getting so swollen it was misery to walk. I was then 155 lba., which is a great deal, seeing I am only 5 ft. 2 inches in height. I thought I would try Kruschen, although I did not then believe it would reduce weight, but I thought it would perhaps case the pain. I took half-a-tesspoonful in a tumbler of hot water each morning, and to my great delight I started to lose weight, also pain. This week I was weighted and was 180 lbs., which I think is proof positive. My friends are all asking me what I am doing to lose weight, so it is very noticeable. Also I look and feel a lot better in health. — Mrs. M. H.
