IN MEMORIAM

ANTHONY—In loving memory of our dear mother, who passed away, June 29th, 1931.
We often sit and think of you
And think of how you die
To think you could not say good-bye
Before you closed your eyes.
The flowers you place upon your grave
May wither and decay,
But the love for you that sleeps beneath
Will never fade away.
And for those who have a mother,
Treasurer her with care,
You'll never know her value
Till you see her vacant chair.
—Sadly missed by the Family.

MISSION TO LEPERS

The special meeting of the Leprosy Mission Society, held at St. George's Church, on June 27th, was presided over by Rev. W. G. O. Thompson, the pastor who later introduced the speaker of the occasion, Rev. D. B. Anderson of London, Eng., general secretary of the Mission to Lepers.
The scripture reading by Rev. Mr. Boyd, and a moving solo by Mrs. Wilford Leslie, accompanied by Mrs. Prith, made a fitting preparation for Mr. Anderson's address which was full of interest and encouragement to all who were privileged to hear him.

In a brief review of the history of the Mission founded fifty-eight years ago, he reminded us that this movement was born of the faith which works by love and "cradled in prayer, had grown from a small circle of six residents of a small village in the north of Ireland to a society numbering thousands throughout the English-speaking world, which provides support care and medical treatment for over 11,000 lepers in Asia, Africa and the Philippines. The funds necessary for the maintenance and gradual extension of this work of faith have always been supplied in the main by the voluntary contributions, bequests frequently being the source of funds for the extension of the work. In some centres good results have been obtained in the maintenance of the leper homes.

The object of the Society is fourfold: 1. To preach the gospel to the lepers. 2. To relieve their sufferings. 3. To supply their simple wants. 4. In so far as possible to assist in bringing about the extinction of leprosy. The prospect of final accomplishment of this object is mentioned as being within 40-to-day than ever before. As in the conquest of all diseases, sanitary surroundings, well-balanced diet, fresh air and exercise are fundamental. For the past ten years medical treatment in the form of injections of the essential properties of chaulmoogra oil (obtained from the nut of a tree of India) have been given with very encouraging results.

The effect of the success of this treatment has been great in encouraging victims of the disease to come for treatment to the asylum which while the leprosy is still in its early stages instead of, as was usually the case in coping with the disease as long as possible. As would be expected the treatment is most successful in the case of children. Leprosy is not hereditary, and part of the work of the Mission is to segregate care for and educate the untainted children. The succeeding generation has been free of the disease, thus evidencing the abiding value of this humanitarian work. So valuable, it has proved to be that in China and Korea, where medical students and government officials are frequent visitors at the clinics seeking instruction, the same mean much in the suppression of this scourge of the East.

Many touching stories were told by the speaker to illustrate the love, gratitude and sacrifice among the inmates of the leper homes, ninety per cent. of whom are Christians. Mr. Anderson stressed the fact that no effort of a compulsory nature is made to persuade these people to accept the Christian religion. Christian love and love in action are the only arguments presented to the non-believers. There are three ways in which the friends of the Mission can help—by prayer "which changes things," by interesting others in this good work; by sending a contribution to the Canadian office (388 Bay St., Toronto) or through the local treasurer, Mrs. O. B. Dayfoot.

At the close of the address Mrs. A. H. Peller, the president, expressed to Mr. Anderson the thanks of the gathering, after which the meeting was closed with prayer by Rev. Dr. Howard.

SPEEDSTERS CAUSED SIX AUTO ACCIDENTS IN 1931

In Ontario, alone, last year, there were more than two motor vehicle accidents per day for every day in the year because many motorists drove too fast for traffic or road conditions. There is no guess work about this figure. It is quoted from official records. Mr. J. P. Bickell, Registrar of Motor Vehicles, Ontario Department of Highways, speaking about speed on the streets and highways says:

"It is most difficult to say what a safe speed is. The law restricts speed on the highways to 35 miles per hour. Too many motorists accept this limit as being permissible under all conditions. Every thoughtful and observing person knows that there are times when even five or ten miles an hour is dangerous. Safety on the highways is a matter of sane driving judgment and constant vigilance."

In the course of the minister's remarks, he took occasion to refer to awkward situation, to say the least, that the Rev. Dr. Howard, in his sermon, suggested, "The Altar and the Crown." The choir provided excellent musical numbers—among those contributed special numbers were Wm. Young, violin solo "Ave Maria," and Jack Harrison, vocal solo "Praise to Thee, O My Saviour." The choir sang, "The Banner of Christ's Army," which was splendidly rendered. Mr. F. M. Pollett was organist and choir leader. A beautiful solo was rendered by Mrs. Greig, Stratfordville.

BASEBALL

Acton defeated Georgetown at the Park on Saturday afternoon by the score of 9 to 5. Georgetown played a very poor game compared with its previous efforts. Alcott started on the mound for the locals and was pitching a good game until the start of the third inning when he suffered a very painful injury to his mouth when hit by a batted ball off the bat of Gibbons. He retired in favour of Walters who has been out of the game on account of a broken finger. He didn't seem to get going, as well as the whole team after the accident to Alcott and before the side was retired in the third Acton had scored 5 runs on one hit, 3 walks and 5 errors. The locals seemed to settle down until the 5th when Acton came through with some nice hitting and scored 4 more runs. Chalmers on the mound for Acton went the round for the visitors allowing the locals 7 hits and striking out 11.
