Citizens of Georgetown

Have you ever seriously thought of the advantages of a modern Sanitary Sewer System for your Town. Sanitary Sewers are indispensible in every community for the

PROMOTION OF COMFORT and CONVENIENCE PREVENTION OF COMMUNICABLE DISEASE IMPROVEMENT OF COMMUNITY HEALTH REDUCTION OF INFANT MORTALITY EXTENSION OF USEFUL LIVES ENHANCEMENT OF PROPERTY VALUES DEVELOPMENT OF CIVIC PRIDE and PRESTIGE LOCATION OF PRODUCTIVE INDUSTRIES

Why not get a preliminary estimate now? A competent engineer would supply this for a nominal charge, and if subsequently employed to supervise the work would probably remit this charge.

The following considerations are worthy of careful thought:- / 1. This work must be done sometime, INDEED MAY BE DEMAND-ED AT ANY TIME BY THE PROVINCIAL BOARD OF HEALTH. Modern progress and general desire for sanitation urge it, and mod-

2. The continued pollution of the soil adjacent to dwellings; by septic tanks and privies cannot go on indefinitely, as nuisance of neighbour to neighbour becomes more pronounced.

3. The grave danger to heatlh and general desire to protect citi ens, especially children, from contagion.

Prosperity of any community depends upon active industries, which cannot carry on without adequate water supply and sewage disposal. The low cost to the individual spread over the debenture period is exceedingly low. You will be more than surprised.

Call in your engineer to give you an estimate. Talk to your Council-Tell them you favour a Sewer System and
