### ADVERTISING IS A TIME SAYER

The small town merchant who succeeds is the one who has what people want and lets them know about it. People are busy today. They will not take time to shop where merchants insist on keeping their wares and prices a secret. The busy stores are those who send to their customers living, ready to use the home newspaper containing the stores' advertisements of products and prices. Advertising has become the greatest service as time-saver and money-saver to the busy housewife. They know from the advertising where they can buy what they want at the price they want to pay. The best thing is simply that.

### THE DIFFERENCE

Two women stand at a candle side. A smiling child with dark fringed hair looks on. Where turns the deepest blue of sky and shining sun-touched hair. One of them has but a sleeping child. The other has a mother's love. And the mother's love is the path of life. With all the peril of the world and the danger of every day. The mother's love is the path of life. With all the peril of the world and the danger of every day. The mother's love is the path of life. With all the peril of the world and the danger of every day.

### MEN WHO ARE CAPABLE

Prime Minister King was neither impressed nor amused with the idea of the Trades and Labor Congress that the Government "consider" its own employees at 60 years of age. This is the beginning of a more general scheme of planned retirement at that age. Compulsory retirement at sixty would cripple the public service to begin with. If carried on in a more "general scheme" it would retire the Prime Minister. The Leader of the Opposition, One-quarter of the Cabinet, More than one-half of the Senate. A fourth of the membership of the House of Commons. Half of the Justices of the Supreme Court. The head of the Exchequer, the Chairman of the Board of Railway Commissioners. Also a list of others in the permanent Civil Service. The measure would do away with the permanent Civil Service. The measure would do away with the permanent Civil Service. ### OBITUARY

GEORGE W. BREEN  
There passed away on Tuesday, January 28th, at St. Michael's Hospital, Winnipeg, the late George W. Breen, son of the late Mr. and Mrs. Wm. C. Breen, who was born in the old home town of Georgetown on the 15th day of the month of August, 1868. After some years of hard work and study, he became a first-class engineer, having a position with the Canadian Pacific Railway Co. Northern Elevator Co. and St. Michael's Hospital. He was known to all his friends as a very cheerful disposition always looking on the bright side of life. This was his motto. He is survived by one sister, Mrs. George W. Breen, and one son, Mr. George W. Breen, both of whom are in the service of the Canadian Pacific Railway Co. The funeral will be held at St. Michael's church, Wednesday, February 11th, at 10:30 a.m.

### Humane Lumberjacks

The following account of the humanness of a camp of Northern Ontario lumberjacks is a realistic and touching story of rugged men made open heartedly to the efforts of a healthy and influential tourist to capture a young buck deer. While "hunters" are busy buying and cleaning their rifles and traps, the lumberjacks are busy with their own work. They are busy with their own work. They are busy with their own work.
