money to busy with.

There are 1703 persons receiving old age pensions in the county of limcoe, about four times as many as in the county of Peal. The largest number are in Orillia with 363; Oollingwood 191; Midland 165; Birrie 166. In addition to this large number receiving public assistance is added 111 inspates of the county house of refuge. The cost of maintenance is low, only \$1.33 per week for each inmate, but the cost in the aggregate is a sum that means much aggregate is a sum that means much to the taxpayers.

George Bernard Shaw, the Irish-English playwright, socialist and observer extraordinary, is holidaying in Florida. The other day he was asked to speak over the radio and the remuneration offered him, was \$500. "Not for \$50,000," is Shaw's reported answer. He thought for a moment and then added with emphasis, "Not for \$50,000,000." The Toronto Globe gives several reasons for Mr. Shaw's refusal of this fabulous sum. "Mr. Shaw has been travelling and probably was tired. Mr. Shaw didn't want to broadcast. Mr. Shaw didn't want to broadcast. Mr. Shaw didn't want to broadcast. Mr. Shaw is a house for riches. Mr. Shaw is a hilltonaire taccording to report) and so has all the riches he needs. And nobody would have paid him \$50,000,000 anyway."

House plants should not be kept too close to the window panes during cold weather. They may be injured by freezing in bitter weather. To cut marshmallows easily, dip for eating in bitter weather. To cut marshmallows easily, dip powdered sugar.

If apples are pricked with a fork being they are put into the oven to hake, the skins will not crack. When sweeping a room, open all the windows and sweep towards the centre of the room. This prevents the dust from settling on the wood dukly.

Mow the scrubbing brish up and down with the grain of the wood, never across it. Cold water does not soak into the wood as quickly as
