The Prime Minister in his address said that of the 178 Liberal members in the House 85 were, elected by minority votes but this was due to the large number of candidates. (Garette, Bramiston) Mayor McBride, speaking at a meeting of Toronto Board of Control said the Ontario Minister of Public Welfare had agreed to accept the removal of show from Toronto streets as a relief work and consequently to nay two-thirds of the cott of such removal with funds from the Provincial treasury. Toronto's mayor must surely have misunderstood the minister. There is no more justification for using Provincial funds for removing snow from Toronto streets than there would be for using like funds in paying for the cleaning of Toronto's city hall.
