THE SNAPSHOT GUILD

SHOTS OVER BRIGHT WATERS

Artistic value and extra light combine to help the photographer in scenes that include an expanse of water.

If you live by the sea, lake or river, or when you spend time by them for health and recreation, don't forget that you are in a snapshotter's paradise.

Always where there is water, by it or on it, there are presented to the amateur picture-taker scenes of charm, beauty, action and human interest.

In addition, where there is water, one seldom has to complain of lack of light, even on the stormiest day, for water is a natural, sometimes dazzling, reflector.

Always where there is water, by it or on it, there are presented to the amateur picture-taker scenes of charm, beauty, action and human interest.
