> towns in Ontario, and when they can parade a winning team, the arena is not any too large to hold the fans which gather by the hundreds. This fact was borne out when 1.163 customers filed past the box-office for single game this winter. We had a good Intermediate team this year, and the harmony that existed with these boys has never been known before. Every player was a credit to the team, but they were a luckless crew, and after starting what looked like a season packed full of victories, were in the end dropped to the cellar position of the group. They played a fine brand of books and their efforts deserved much bet-

The first of the season saw the cutive pondering on whether they should enter a junior team in the O.H.A., and after much discussion did so. Had they known that we would take the group championship this year, a lot of unnecessary meetings could have been disposed of. The Juniors were a wide-wwater mouse this sealon and after defeating Acton to win the group title, went on and met Waterioo in the playdowns. Winning the first game by a threegoal lead, they were forced to take defeat in the second setto at the kit-

and it was taken by storm by the

We have this winter, extended the thanks of the citizens of Georgetown to the managers and executive of the Intermediate and Junior bockey clubs. but we have not added our words of appreciation to the executive of the Mikiget N.H.L. and in particular to Gordon Alcott, who was the instigator of Midget NJILL in eastern Canada,

Midget N.H.L. hockey was introduc-

and president of the league. Gordon Alcott has done a wonderful job for the boys of Georgetown this winter. He has given them the chance to play hockey like they have never known before, and for this we extend the thanks of the sporting public. He has given of his time in no small manner, that the boys might get the chance to learn the ture years for Georgetown. Let us give Gordon a hig hand and hope that he may be able to organise the

teams next winter. After fifteen years Georgetown has realised that if they want Intermediate and Junior bockey players they must start at the bottom and coach the boys through the years. In time they will have players that will take their places among the best in the And so we write finis to a very suc-

cessful bookey season, and look for ward to the 1938 season with greater enthusiasm than ever before. TO THE SPORTING PUBLIC Sports Editor Georgetown Herald.

We have ended our first year of personal viewpoint I regard it as marked success. My sole aim was to provide organised sport for the younger boys and encourage them in a good healthy program. This I am sure has been done. Let me enumerate a few of our accomplishments. We have bought equipment for air teams; the teams have had practices and approximately twenty sames. Every team has been to the Manle Leaf Gardens, Toronto. After each Hockey in Georgetown this winter game each player was given a refrushenjoyed one of the best seasons it has ment ticket. Every team has had an had since the Arena was built in 1922, outside engagement and sticks were Pifteen years have elapsed since one bought for the needy. SAVE 6 WEEKS' FEEDING GET 6 WEEKS' EXTRA EGGS

By Buying Bray's Started Pullets Also 3-Weeks-Old Pullets or Non-Sexed Chicks at Attractive Prices.

THE key to success in poultry-keeping, today, is the early-laying pullet. The flock that lays the most eggs between July and December had the double advantage of highest average egg prices and lowest average production cost. We sold more carly chicks, this season, than ever before. Now we offer you a chance to catch up with these "early birds" and GET IN ON THE BIG END OF THIS OPPORTUNITY. 6-Weeks-Old New Hampahire Pullots - 50c Kach

These pullets belong to Andrew Christie's famous "Spisserinktum" strain -famous for vigor and hardiness. They are all hatched from eggs weighting 25 ounces per dozen and over. They are well grown and well feathered. They should be laying by late July or early, August, if well fed through the balance of their growing period—and right at the height of their production from Setpember to Christmas. They will save you 6 weeks' feeding, and give you 6 weeks' EXTYLA eggs during the high-profit half of the year.

Policia or Non-Sexed Chicks - 3 Weeks Old These chicks are past the "critical" stage of brooding, so they won't take much time during the seeding rush, when minutes are precious. They will save you 3 weeks of feeding. The pullets will give you 3 weeks EXTRA eggs during the most profitable half of the year. And the cockerels can be finished and marketed in time to catch the high touristseason prices. ...

3-Weeks-old sexed pullets (90'; guaranteed), Xtra-Profit grade 3-Weeks-old male and female chicks (not sorted). Xtra-Profit grade \$13.30 per 100 choice of New Hampshires, White Rocks, White Wyandottes, or Rhode Island Reds at the above prices.

Standard grade chicks, if available. So per chick less. Leghorn pullets, warrious agos—write for prices. Order Direct From This Advertisement The above prices apply only to chicks now on hand, for immediate delivery. Act quickly.
