# FRIENDAMIP

not make rainly more than two or three, and should be said now and thees against damaging one's friendships. hi done aftlimes by indolence region, falling to write to friends a a distance or to remember those

A tather provident cause of broken or strained frientishing just now bedraindance beforder were-bested sympathy from others who years be but who are kept at Bathy too busy is another friendship breaker. It takes letters to know abother person intimately and people busy with a thousand and one things haven't time for the cultivation this procious board.

In these and other we're men and beamen terrifice the whitepered con-Educine, the sure reliance, the give and take of kindred minds, the farewell as they start on a journey and the valcous home when they return If you are blessed with friends been the mystic road between you in repair. There are few pleasables pathways to happiness than this."

#### BOW TOURIST DOLLAR IS DIVIDED OF

amond in Canada, the approximate maker of victors who come to Canade each holiday sesson, but who knows how, where and when the elusive dellar rolls around the country and who benefits the most, writer the Ochses These After travelling through

the Canadian tourist resort areas for the plat three years, one is impressed with the fact that thousands of visitors do como to our labric and atreams each year to enjoy the more Envourable climate and somery which Ontario offers. Moreoutly "Motor Managine" hi

made a careful survey of the chantake through which this much covabad dollar passes. Here it is: Miscellaneous purchases at stores 35 per cont.

Transportation, 30 per cent. Hotels and other lodgings, 30 per

Resturants and other eating houses. 31 per cent. Ammunents, & per cent.

Confectionery, & per cent. The wide-spread benefits bestowed by these imported menders, the tour lets, are impressively significant tourist community that does not Bearcely any interest in the lucky share the benefits brought by tours ernanditures. The fact that 66 cents of every dollar finds access to the tills of the local merchants, the hotels and the restaurants, should impress the obligation these various classes of business owe in encouraging and fostering the tourist trade.

# JEAN MARLOW

Right years ago the was a school girl to the Middle West. The other day her death was the biggest news M interested the most people. Few, perhaps, would say that the was a great actrois. Her sudden rise to fame and wealth was due not to extraordinary takent but to extraordisary bair. Because of her, every city, town, and village in America had its "platinum blondes."

Yet it would be unkind and untruto deay her credit for what she did achieve. In a field where many aspire and few succeed the succeed ed. If the standards by which mecass in that field is measured are not all that philosophers think they sught to be, it is fair to remember that she did not set those standards Her "public"-which seemed to have tocheded most of us—set there, and rewarded her because the met them
