repotr, the beginning will only have been accomplished. A Representative Gathering have a constitutional convention, or a gathering of Dominion and provincial authorities under some other equally high-counding name. A National Congress, if you will. There will

have to be much give and take, and the abandonment of sectional and petty politics before such a body can. make any progress at all. Meantime, provincial parties will; rise and fall as elections are hold. It is quite possible that an issue will rise on which the federal government will not wish to pass without consulting the people. A general election may be fought out on the mutter. Anyone, therefore, who thinks of the amendment of the constitution as :omething for 1937 or 1938-is evidently not recknning with political realities. Meanwhile there are stresses and inequities, known to exist for years, growing, in many cases, more intolerable every year. The provinces, by the present arrangement, have social and other obligations quite out of keeping with their revenue sources. Canada is becoming a very backward country in some respects, because of
