IN MEMORIAM

DEWHURST—In loving memory of our dear son and brother, Allan Dewhurst, who died August 9th, 1934.

Not now, but in the coming years,
It may be in the better land,
We'll read the meaning of our fears,
And there some time we'll understand.

—Ever remembered by Father, Mother, Sister and Brother.

YOUNG—In everlasting memory of our dear brother, James Young, who passed away in Guelph General Hospital, Aug. 12th, 1934.

Some may think we have forgot you,
When at times they see us smile,
But they little know the heartache
That the smile hides all the while;
We who loved you sadly miss you
As it dawns another year,
In our lonely hours of thinking
Thoughts of you are always near.

—Sadly missed by Brothers, Sisters and Brother-in-law.

Arthur J. Blackburn, One of Georgetown Oldest Merchants

SUCCUMBS AFTER SEVERE HEART ATTACK

One of Georgetown oldest businessmen, and highly respected citizen, passed away on Saturday evening last, August 7th, when he suffered a severe heart attack. Mr. Blackburn had been a clothing merchant here for over fifty years. He was born in Lincolnshire, England, coming to Canada as a young man, and was in his 71st year. Mr. Blackburn made his home in Norval for a number of years, although he conducted his business in Georgetown, moving here 19 years ago. He was a charter member of the Masonic Order, and the oldest member of the Georgetown I.O.O.F. Lodge. In religion he was an Anglican. Surviving are his widow and one son, P. B. Blackburn, who was associated with him in business. The funeral on Tuesday afternoon was conducted by the Rev. W. G. O. Thompson of St. George's Church and members of the Masonic Order. The pallbearers were Messrs. E. L. Arnold, Elmer C. Thompson, Wallace Thompson, Cyril Brandford, J. Morgason and Frank McDonald. Interment took place at Hilleret Cemetery, Norval.

HOME WEEK AND THE TOWNSHIP

All residents of Esquesing Township, especially from Norval, Glen Williams and Stewarttown are cordially invited to share in all the exercises and activities of Home Week.

The essential part taken by the Township in the growth of Georgetown, will be symbolized in the musical pageant on the night of Sept. 3rd, and we hope in some small measure at least, to acknowledge our debt to the fine old Township. A debt of over a hundred years standing.

Jas. Ballantine,
Chairman of the Centennial Committee.

ACTON

Mrs. J. Culp of Reno, Nev., is visiting with Mr. and Mrs. A. T. Brown and other Acton friends.

Mr. V. B. Rumley attended the Funeral Directors' Convention in Toronto last week.

Mr. R. J. Kerr, Mr. and Mrs. J. C. Matthews and Miss Helen Ostander were in Toronto over the week end, attending the Sankey-McLeod wedding.

Miss Margaret J. Macdonald returned yesterday from an interesting trip through the Canadian west to the Pacific Coast, and thence to San Francisco and Los Angeles, where she took one of the Panama-Pacific steam ships through the canal and on to New York.

When Bobby McDonald got into a car parked on Main Street and released the brake the car started down the grade and came to a rather sudden stop against a Hydro pole. Bobby went with such force against the windshield that his head went through it, and he required medical attention.

About 700 attended the picnic in the park in Acton of the Guelph Iron Moulders Union, Local 312. An interesting program of sports, ball games and contests was held during the afternoon. The oldest journeyman moulder at the picnic was George Ritchie, who has spent 54 years in the moulding shop. A jazz band from Guelph provided music and fun for the outing.—Free Press.

MILTON

Frank R. White, of the Banner staff, Listowel, visited his home here over the week-end.

Mr. and Mrs. Allan Watson and daughter, Ann, and Miss Pauline Cunning, of Sudbury, have been visiting Mr. and Mrs. "Andy" Elliott.

Mr. and Mrs. T. A. Hutchinson and family have been spending their vacation of two weeks at Bala, Muskoka.

Dr. G. E. Syer has moved his office from Main street to his new residence on corner of James and Mill Streets.

The funeral took place to Evergreen Cemetery yesterday afternoon of one of Milton's oldest and most highly respected citizens, Margaret Davidson Hume, widow of the late Robert Stewart who held the position of postmaster here for over 25 years. Mrs. Stewart, who was in her 83rd year, was a daughter of James Hume and Agnes McColl. She was born in the Scotch Block, Esquesing Township, and came to Milton 33 years ago. Since her husband's death ten years ago she has made her home with her daughter, Mrs. P. W. Cooke, where she passed away on Monday.

Found guilty of having liquor unlawfully, David Hughes of Oakville, was fined $200 by Magistrate W. E. McIlven on Friday last. Provincial Constable A. J. Oliver of Milton, told the court that police had found three Georgetown men in a cabin on premises of the accused drinking beer. In another cabin the police found 15 empty beer bottles, and in searching the grounds behind the main residence they discovered six cases of full beer bottles hidden under some burdock leaves. Robert Weir, found in one of the cabins during the raid, was assessed $10 and costs on a charge of consuming.—Champion.

TORONTO FIRM GETS HALTON ROAD AWARD

The Law Construction Company of Toronto was awarded the contract for construction of approximately 40,000 square yards of low cost bituminous pavement in Halton county, at a meeting of the council's good roads committee last week. Roads to be constructed will be four and one-quarter miles on Seventh Line, Esquesing township, from Hornby to Ashgrove, connecting with the "baby highway" from Ashgrove to Stewarttown. Another mile of county road will be paved through the village of Kilbride in Nelson Township. Total cost of the work, which is to commence within the next two weeks, will be $20,000.

—The old order changeth—several years ago all newspapers carried advertisements which read: 50,000 harvesters wanted to reap the wheat crop of the prairie provinces. Now in place of the heavy trek of men westward in the summer we have a number of young men and others from the west coming east to seek remunerative employment here.

TERRA COTTA

The 1st contingent of the Acton Boy Scouts, who were here last week, camped on Mr. J. W. Rutledge's beautiful grounds on the river Credit—better known as Silliboo meadows—under the able supervision of Scoutmaster Mason. Everyone had a most enjoyable holiday.

Threshing is now the general order of the day and bumper yields of fall wheat are reported in this section.

Miss Myrtle McCauley of Brampton spent a few days with her parents, Mr. and Mrs. Robert McCauley of this place.

Our local quarries all report trade quite brisk at present.

Mr. Robert Mothersill met with a painful accident one day last week while in the act of cranking a tractor. It back-fired and struck his arm and it is feared it was fractured. We hope soon to see Robert able to be at work again.

Miss Kathleen Bristow of Toronto who spent a few weeks with Terra Cotta friends has returned home.

We kindly welcome Mr. and Mrs. Jamison of Toronto to our midst. They have moved into the large brick house on Main St. Mr. Jamison had his house renovated throughout and purposes making a summer home for tourists. He also has the grounds nicely improved.

We are sorry to learn of the sudden death of Mrs. Alex. Vance, nee Nellie Sanderson, of Brampton, who prior to her removal to that place, had been for a number of years a highly respected resident of this place. We join in extending our deepest sympathy to the bereaved husband and family in their hour of trouble.

Mr. E. H. Cutts of Acton is spending a few days with his daughter, Mrs. J. W. Rutledge.

Miss Molly Cutts of Acton spent a few days with her aunt, Mrs. W. J. Rutledge last week.

Miss Gladys Marlow of Toronto was a pleasant caller in our village recently.

A WELCOME GUEST

Georgetown welcomed a very special guest last Thursday in the person of Miss C. Cendracourt of Georgetown, Demerara, British Guiana, South America. Miss Cendracourt was shown our town in company with Mr. and Mrs. C. A. Rumble of Toronto, and was very much impressed with Georgetown, the namesake of her native home so far away. They spent the afternoon visiting points of interest and taking pictures of our public buildings. Georgetown, Demerara is also celebrating its Centennial this year, and it was indeed a pleasure to welcome a visitor here from that town of the same name down on the Equator.

HAVE YOU EVER SAVED A LIFE?

Years of training and years of experience lie behind the deft strokes of the great surgeon's knife, as he performs a delicate operation. Life and death are in the balance. Loved ones tremble in apprehension. Finally, after anxious hours,—success! The supreme ability of one man in a million has saved another life.

Most of us can never save a life that way. The surgeon's skill is not ours. But by preventing accidents on streets and highways, every one of us, whether we are drivers or pedestrians, can just as surely save lives, and safeguard our fellow men against crippling or fatal injuries.

We can teach our children the enduring principles of safe driving and safe walking—of safe living. We can correct the unsafe practices of our own driving and walking. We can uphold the authority of our public officials in impartial and effective law enforcement. We can help in organized efforts to spread the gospel of traffic safety to everybody. And most of all, we can resolve in our own minds to perform no act dangerous to others or ourselves.

Great skill and long training are not needed for this kind of life saving. What we do need—all of us—is a new realization that "I am my brother's keeper." Will you accept your personal share of this great responsibility? Will you help to stem the tide of blood and death that promises to sweep Ontario's streets and highways? Will you Save a Life?

Home Week—Sept. 2, 3, 4, 5

Georgetown's Centennial year celebrations reach their climax during Home Week, beginning on the night of Sept. 2nd, when the Centennial Ball will be held in the drill hall. While it is not exclusively a costume ball it is expected that period costumes will predominate. A good orchestra will be provided, and the dance programme will include all the dances of the past one hundred years. Details will be printed later.

The second event of Home Week will be the High School Reunion in the High School grounds on Friday the 3rd of September, beginning at 2 p.m. Since over fifteen hundred have attended the High School during its institution, it is expected the attendance at Home Week will be very large. Refreshments will be served on the grounds.

Following the High School Reunion the Centennial Banquet is held in the drill hall at 6.30 p.m. The Toronto contingent and High School exstudents will march from the High School grounds arriving in time for the banquet. Details of this important event will be published later.

The Musical Pageant

Immediately following the banquet the musical pageant will take place. At least ten bands will take part, eight of which are already engaged and invited.

The pageant will represent in music the cavalcade of events during the past hundred years; and before? Some of these are the crossing of the U. E. Loyalists; the founding of Esquesing; the founding of Norval; the founding of Glen Williams; the settlement of Georgetown; the Fenian Raid; Confederation; the Boer War; Accession of Edward VII; settlement of the West; Riel Rebellion; Accession of George V; the Great War and other events of the Empire. A complete programme of this pageant and all other events in Home Week will be distributed later. Fireworks will be used to punctuate the events of the pageant which will be held in the park in the space enclosed by the race track. Following the pageant the bandsmen will be entertained at the drill hall.

Saturday is a day of sports, the details of which will be published later.

Sunday morning the United Church holds a Home Week Service, the Rev. D. A. Moir and others taking part.

Sunday evening there is a community church service in the park. Details later.

It has been decided that children under twelve accompanied by their parents will be admitted free to all events except the ball and banquet. General admission to the park for pageant and sports to be twenty-five cents. Tickets for the ball and banquet will be on sale by Saturday, August 14th.

Distinguished Organist Visits Georgetown

Amongst the friends visiting Mr. and Mrs. Edward Wodson in Georgetown last week were Mr. Walter E. Hall, F.R.C.O., and Mr. Harold R. Campkin, both of Orillia. Mr. Hall is in his 80th year, and was for some years organist of Denver Cathedral. He also filled important musical appointments at Chicago, Cleveland, and other cities of the U.S.A. Famous as an organ recitalist — at the World's Fair, Chicago, amongst other places—he was also an accompanist of rare gifts. He was an organist at nine years of age, studied under Dr. Bridge of Chester Cathedral, was a friend of Sir Arthur Sullivan, and a column of The Georgetown Herald could be filled with the names of his musical associates in bygone days.

Mr. Hall—with Mr. Campkin, Mr. Wodson and the Rev. E. O. Ingatherstent an hour in the Baptist Church, Georgetown. He found the organ in excellent condition and delighted his privileged listeners with a recital of great organ music, playing Handel, Mozart, Bach, Mendelssohn and excerpts from his own compositions.

Mr. Campkin, who directed a choir in Brampton a few years ago, sang oratorio and Wagnerian arias to Mr. Hall's accompaniment. To music lovers it was an hour of unregrettable enjoyment.

FORMER GEORGETOWN SCHOOL TEACHER MARRIES

Miss Ruth Evelyn Giffen, daughter of the late Mr. and Mrs. John Giffen, of Ashgrove, became the bride of Howard C. Wrigglesworth, son of Mr. and Mrs. Fred Wrigglesworth, Ashgrove, at the home of her sister, Mrs. Elmer May, Hornby, on Saturday afternoon. Rev. B. Eyre, of Ashgrove United Church officiated. The home was decorated with pink and white gladiolus, white Creelman lilies and fern. Miss Isabel Wrigglesworth, sister of the groom, played the wedding music, and Miss Hazel Harrison, of Georgetown, sang.

The bride, given away by her brother, Thomas Giffen, of Ashgrove, was attired in cobweb silk net over cream satin. She wore a tiara of pleated satin and orange blossoms, with flowing silk net veil, and carried a bouquet of Columbia roses, lily of the valley and fern. She was attended by Miss Bessie McDonald, of Georgetown, who wore pink silk over pink satin, with satin tiara and bouquet of Columbia roses. Gerald Graham, of Georgetown, was best man.

Following the wedding luncheon at the home of the bride's sister, Mr. and Mrs. Wrigglesworth left for a honeymoon in Brandon, Man., the bride travelling in brown figured chiffon with matching accessories. On their return they will make their home at St. Catharines.

NO ADS, SO EDITOR LECTURES THE TOWN

In a large blank space in which the ads might have been, Editor J. P. Kelley of the Broadwater News, Neb., inserted three well-spaced words: "Our . . . idle . . . acres."

In another gaping white hole, he chided non-advertisers thusly:

"A newspaper which hasn't a representative volume of local advertising is a dead newspaper and indicates a dead town. Either the non-advertiser or the paper is dead, but in this instance there's nothing wrong with the newspaper."

"The Ottawa Spotlight"

By Willfrid Eggleston

Ottawa, August 10th—The theory that within its own field a province has sovereign powers, and must be left free to deal with local problems in its own way, cuts a big figure in Dominion relationships. For political reasons, also, it has been wise for the federal government in the past to avoid stirring up unnecessary trouble by invading provincial territory. The unquestionable legal right of the Dominion government to step in and veto provincial legislation has very frequently been exercised in the past, and if a few more years pass without it being used it will tend to die out completely.

Alberta's recent bank legislation brings to the fore in a very pertinent manner this question of Dominion attitude toward provincial legislation. Should the Dominion intervene? First, has it the legal right? Second, is it wise from a political angle to do so even if it has the right?

The stand may be taken that the province of Alberta has set about, in an unorthodox but commendable manner, to improve the lot of its citizens, and that while it is doing so, outside authorities should refrain from "rocking the boat" in any way. If outside interests, whether private or governmental, step in and block Alberta's legislation, it is easy enough to see what the reaction of a portion of the Alberta electorate will be. They will say that vested interests, with a heavy investment in things as they are, will not permit novel attempts to be made to improve the economic lot of the masses.

(Intervention Doubtful)

It will take a most ominous invasion of Dominion powers on the part of Premier Aberhart to bring about a veto from the authorities here. The general attitude, from a political slant is: give the Alberta government all the rope it asks for. If steps are taken which threaten inequity or oppression to the individual, let the courts look after it. This has been the attitude of the Mackenzie King government since it came into power, and there is not much to suggest that even this latest outburst from Alberta will change things.

Some critics have been charging Ottawa with being weak-kneed and chicken-livered over the whole question of veto. Ontario passed power legislation which was obviously unconstitutional. Quebec passed laws which infringe seriously on the acknowledged right of free speech and free association. New Brunswick passed a law which contravenes the section of the B.N.A. Act dealing with freedom of trade between provinces. So did Manitoba. Alberta introduced its "prosperity scrip" which violated three statutes, two of them federal and one imperial.

(Ottawa Took No Action)

Ottawa did nothing officially about any of these.

If, now, action is taken to disallow the Alberta bank legislation one can imagine out cry there will be, to the effect that while the fundamental rights of the citizens were endangered, nothing was done, but that when the banks were in danger, the Dominion government came to the rescue. One sees the political thorns which entangle the latest developments.

(Number of Unemployed)

The National Employment Commission has published a statement showing that in June, 1937, there were estimated to be 932,000 persons receiving direct relief, a reduction of 133,000 from the figure twelve months before.

Of these, only a little more than one-fifth—say 200,000—were employable persons. This means that the number of unemployed, with any chance of ever becoming employed, is down to that number.

This meshes quite closely with the latest figures on industrial employment from the Dominion Bureau of Statistics, which shows that employment is now within striking distance of the best levels of 1928 and 1929. Only the fact that 100,000 or more additional workers have entered the labor market in the past eight years prevents all the unemployed from being absorbed by the latest wave of business improvement. If it is true that there are not more than 200,000 unemployed, in a country where perhaps 2,500,000 are profitably employed, it has been brought down to a point where a little further advance would make the problem relatively easy to solve.

TORONTO TO HAVE TWO MORNING PAPERS

Toronto is to have a new morning newspaper and the first issue will appear before the next provincial election.

The source of the information which was made available last week was closely connected with the old Mail and Empire and he is playing an important part in clearing up some final details in connection with the new daily. He stated that ample funds are at hand, having been furnished by parties closely allied with the Conservative party, and the newspaper will support the Conservative party as did the Mail and Empire. Asked if the newspaper will be going before the Poll, he stated that plans have been completed to have the newspaper introduced to the public "long before the next election so that the Conservative party will have a morning organ in the field to give the Hon. Earl Rowe, Conservative leader, as much support as the Globe and Mail will give to Premier Hepburn.

Financial details are all complete, and there remains only the job of getting a staff together. No difficulty is anticipated in this regard, however, as employees of the old Mail and Empire will be given preference. F. D. L. Smith, Editor-in-Chief of the Mail and Empire, will assume the same position with the new daily, and it is believed Edwin Allan will be Sports Editor. Apart from that no statement has been issued as to the personnel.—Exchange.

Classified Guards Purity

Public Food No. 1

Dairy farmers, since the days of Gail Borden's first factory, have progressed steadily in their methods of producing pure milk and keeping it sanitary.

All that science, modern equipment and trained men offer are used in Borden factories to back up the efforts of dairymen to guard milk's purity.

In helping to establish present high sanitary standards for milk, dairy farmers and distributors together have promoted public health, reduced infant mortality and placed milk and its products first in the food lists of the nation.
