THIS GHASTLY TRAGEDY COULD HAVE BEEN AVOIDED!

If it hadn't been for a foolhardy, reckless, criminal driver this accident would have been avoided. As it is, one victim was taken direct to an undertaker's parlours and two to a hospital. The driver who caused it is hopelessly crippled for the rest of his life.

YOU'LL BE IN TROUBLE IF YOU DISREGARD THE LAWS

If you are a reckless driver travelling the Ontario highways, cutting in, passing on curves and hills, endangering the lives of others, you will find yourself in serious trouble. The appalling death toll must stop-and you who are responsible for it will be put off the road! A thousand eyes are watching you; so be forewarned!

Ontario Motorists Will Co-operate

When you see a motorist driving in a manner dangerous to the public, take his number, make a careful note of the actual time and place, and when you reach your destination write to the Motor Vehicles Branch, Department of Highways, Toronto, giving full details. We do not invite reports of minor infringements of the traffic laws; you are requested to use sound judgment. We will deal adequately with offenders

TWO VIEWS ON THE LIQUOR QUESTION

"THE PROFIT"—says Mr. Hepburn "THE PEOPLE"—says Mr. Rowe

TOR three years the liquor problem has been out of control in Ontario. Mr. Hepburn, worried by the rising tide of public indignation, now tacitly admits the fact. In acknowledgment of the situation, he makes another typical last-minute, pre-election promise.

But Ontario voters are not going to be fooled again.

"Revenue First" - Hepburn "Profit" has been Mr. Hepburn's liquor policy ever since he took office. Here are his own words as quoted in the Border Cities Star, Windsor, October 26, 1934:-

"Another thing that the Province requires is revenue. I am informed that since Mr. Odette took office, he has turned over to the Treasury \$2,800,000. Let these people point out some other source of revenue. Do they want higher gasoline or corporation tax? Do they want a Provincial Income Tax? It is obvious that if we lose the revenue from the Liquor Control Board, we will have to get it elsewhere."-

"People First"-Rowe

Contrast this "liquor for profit" policy with Mr.

Rowe's clean-cut stand in the interest of the people. Mr. Rowe has pledged himself: "I will return to a policy of control by a responsible board, free from political patronage. A survey will be made by the new board of all licensed hotels. I promise you that these mushroom dives which have sprung up and flourished under Hepburn will be closedand stay closed."

The Conservative Party takes the position that public revenue should not be gained at the expense of

No More Mushroom Diver

When Mr. Rowe is elected, beverage rooms will be confined to standard hotels which respect the law and give adequate service to the public.

Restaurants, taxi offices, rooming houses and hot dog stands will not, by means of a few "jerry-built" changes in construction, be able to qualify as standard hotels.

Beverage rooms will not be forced on communities where they are not wanted. Nor will such places flourish in the shadow of the churches of the Province.

Non-Political Control

Under Conservative administration, by means of a responsible non-political control body, beverage rooms will be so regulated that they will cease to be a blot on the social and moral life of Ontario.

A vote for the Conservative candidate is a vote for this policy of control.
