# It's so much easier to shop by TELEPHONE.

On wet days and enewy days, on days when there is so much housework to be done, on days when you aren't feeling up to scratch yourself or when one of the youngsters is ailing, it's great to be able to shop by telephone. And on fine days too, and when everything clas is going right, it saves you an endless amount of tiresome traipsing around. Make the telephone your market basket.

GOLDEN TEXT: "Beware, that thou forget not the Lord thy God, in not keeping his commandments, and his judgements, and his statutes, which I command thee this day." Deuteronomy 8; 11. LESSON PASSAGE: Deuteronomy 8: 11 — 20.

Where are you going, Great-Heart?
"To lift to-day above the Past; To make To-morrow sure and fast; To nail God's colors to the mist. . To break down old dividing-lines; To carry out My Lord's designs; To bulki again His broken shrines." Then God go with you, Great-Heart! -John Oxenham

Ged. 11. A visitor to a palatial steamship was impressed by the great steel drive-shuft which propelled

On the other end is this God-endowed ideal challenging the massed forces of materialism and sin. There is an organizing power from a single cell until the individual body is built up of millions of cells. But this organiz--Mrs. John McHain. ing and directing tendency does not ston with the development of the body. We are organized into families and schools and nations. It is when we recognize this organizing power of God and begin to work according to his plan that we lose fear and become purposeful. some people lose their faith while others are driven to faith. In times of prosperity some people live in such luxury that they feel independent of God while others through gratitude gain a deeper religious experience. In modern life we are so dependent upon money that many people fail to tee God as the real power behind our economic system. It was tragic when people lost their stocks and bonds and had no security through faith in God. It is also tragic to see people who through years of depression disciplined themselves now yielding to dissipation because they think their pariod of testing is over. We must remember that some small and poor nations cars and trucks will not be obliged

Visitors to Great Britain rather envy young people growing up amid historical scenes dating back to Julius Caesar and even back to the days of the early Druids. The Hebrew people feel patriotism because of their long story from the days of Abraham, Joseph, Moses and Joshua. Christlans become aglow when they study the prophets of God throughout nineteen centuries of human history. In the Book of Palms man is not the hero. The real hero is the eternal living God who continues to work out his promises generation! after generation. What we must seek to know is the will of God for

Canada and for the world. Canada has some nobler destiny than to be merely the granary of the Empire. The real test of our national character is our ability so to live as Christian-brothers that we may give an example of Christian brotherhood to other nations. Are the 25,000 cnurche, in Canada really working at this high task?

Judgment, 18, 20 History is the story of the judgements of God upon nations. The rise and fall of nations depends on more than economics. Moral character is the decisive factor in the long run. The primary purpose of the Christian Church is vital in its worsnip and teaching it will have a great influence upon national life.
