THIS AND THAT IN SPORT
 (Continued From Page One.)

Still Hangs in the Balance

The Georgetown Hockey Club held their annual meeting in the Arena last night, and the interest shown by Georgetown sport fans, according to the attendance, sounds a note of warning to those who want to see a team here, and yet have nothing to do with it themselves. With hardly enough present to elect officers, the meeting, re-appointing the old executive to carry on. Whether the old executive will carry on without some additional support is still doubtful, but in any event the club will need greater financial support. Last year the gate receipts dropped below par and the club's financial position is not bright. If the Georgetown Hockey Club is to carry on some means will have to be devised for financial up-lift. The Club is entertaining the idea of running off a number of social evenings in order to clear off the debt now standing. If they are supported by their efforts and the debt can be reduced, no doubt they will carry on for another year. On the other hand if the citizens of Georgetown do not support this cause, then we must close up and let Georgetown drop out of hockey as far as the junior and intermediate clubs are concerned. Do you want hockey teams here this year? Only the sporting public can decide this. It is not fair to ask a half-dozen men to carry on. The support of the entire community is needed.

SPORT SHOTS—"Cam" Dobbie is the genial master of ceremonies at the softball games. Thanks for filling in Cam. Your services are appreciated. The G.H.S. rugby team did themselves proud last week end, when they won the Ross Cup in competition with Milton High School. We still think "Hank" Rankine will win the softball championship for Norval. Of course, no one cares what we think; even the other teams, Glen Brampton, Pirates, wouldn't believe it. However, we never could pick winners, so maybe our Pirates will come through yet.

Acton Junior Hockey Club organized for the coming season last week, and are again entering a team in the O.H.A. The following officers were elected: Honorary presidents, A. Mason and G. A. Dills; president, Ben Bayliss; vice-president, Bill Conn; secretary-treasurer, E. Dron; executive, Matt Tyler, R. W. Cook, H. Holm, Jr., R. W. Hutchins; manager, J. Holm, Jr.; coach, R. W. Cook. Acton Intermediates will have much the same team as last year: Terry, Walters, Gibbons, Bus, Morton, Mooney, the Marz brothers, Greer, Woods, Jack and Fred Kenter. In addition Norm Morton will again be on the line-up and a number of Milton players, Bush, brothers, Toletka etc. are rumored to be signing up with the Tanners. "Hap" Day of New York Americans, and former Maple Leaf player will be made a suitable presentation at the Gardens on Saturday night, when his team will be in Toronto. Day had been captain of the Leafs for many seasons.

Week - End Specials

DID YOU KNOW THAT?—New York Yankees baseball club now controls 13 teams in the minor leagues from which they draw players. That the best caber tosser they ever had in Scotland was Donald Dennie. He could lift 168 lbs. above his head with one hand. In case you don't know what caber tossing is just ask some of the older boys who were raised in the land of the heather. That Louisiana State University has a 300 lb. mascot named "Mike." He is a Bengal tiger and goes along with the football team wherever it plays. That billiards will be added to the sports curriculum in 125 universities in the United States, according to the National Billiard Association of America.

BEFORE YOU DIE YOU'LL WALK HALF-WAY TO THE MOON

In a lifetime the Average Person Walks 100,000 Miles, Eats Fifteen Tons of Bread.

You may not think yourself rich, or greedy, or somnolent, but when your life's total of wages, food, and sleep is computed—well, you'll be surprised.

The average sum you will earn is \$27,500. And for every \$5 you earn you will eat ten meals, making 75,000 all told. And you'll eat all those in two-thirds of your life, for you will sleep for over 30 years in an average lifetime.

You will spend \$12,500 on food, \$5000 on taxes and insurance, \$5000 on home maintenance, \$4,000 on drinks, smokes, and fun, \$3,500 on clothes, \$2,500 on travel, and the other \$5,000 on a miscellany of odds and ends.

Could Lift an Automobile

Among the items of nourishment you put away in your life will be 15 tons of bread, two tons of butter, seven tons of meat, six tons of fish, eight tons of spuds, and more than 10,000 eggs!

You will blink 2,000 times a day, making a grand total of around 45,000,000 blinks. You will walk something like 100,000 miles—just in the normal course of things.

You will breathe 500,000 cubic feet of air per diem, which means enough to fill an awful lot of airships in a lifetime. You will speak about ten million words a year, or enough to make about 250,000 books in your life.

And in shaking hands you will spend enough energy to lift an automobile as high as Westminster Abbey.

Husband—"Have you ever wondered what you would do if you had Rockefeller's income?"
 Wife—"No, but I often wondered what he would have done if he'd had mine."

The Georgetown Herald

Subscription Rates—\$1.50 per year in advance. United States 50c additional. Single copies 3c. Both old and new addresses should be given when change of address is requested.

Advertising Rates—Legal Notices, 12c per line for first insertion, 7c per line for each subsequent insertion. Readers, 8c per line for each insertion; if in black face type, 5c per line additional.
