## Sun Life Assurance Company of Canada

THE inherent strength of life insurance has been tested and proved during the past three years of general business recession, and the invaluable service it renders the public in times of emergency fully demonstrated.

THE Sun Life of Canada, during this period—probably the most trying in human experience—has maintained its record of progress, and has been of especial service to its great body of policyholders throughout the world.

ITS assets in force have increased since 1929 by \$463,000,000; assets by \$48,000,000. Its policyholders now number nearly a million.

### THERE'S A TOWN

There's a town called Don't You Worry.  
On the banks of the River St. Lawrence, where the water flows so fast and so free, where the bridges are so grand and so new, where the houses are so bright and so true, where the people are so kind and so true, where the life is so good and so true, where the love is so pure and so true, where the hope is so bright and so true, where the faith is so strong and so true, where the courage is so brave and so true, where the honor is so high and so true, where the glory is so great and so true, where the power is so great and so true, where the wisdom is so great and so true, where the knowledge is so great and so true, where the love is so pure and so true, where the hope is so bright and so true, where the faith is so strong and so true, where the courage is so brave and so true, where the honor is so high and so true, where the glory is so great and so true, where the power is so great and so true, where the wisdom is so great and so true, where the knowledge is so great and so true.
