Save your buildings  
NOW...before it is too late!

Millions of dollars worth of farm buildings are being taken up each year by rot and decay caused by leaky roofs, and by fire. Here your buildings NOW before they get beyond saving. No-wood with R.R. Roll.

R.R. Roll is permanent. It cannot warp, shrink, swell, crack, rot or burn. It is fireproof—repairs cannot ignite it. When properly grounded as the four corners according to the Ontario Lightning Rod Act, it gives complete lightning protection.

"Council Standard" R.R. Roll is now selling at the lowest price in history. Quality is still maintained at its highest price.

Write for free sample and useful roofing booklet.

We make all kinds of Sheet Metal Building Materials.

## Heads C.P.R. Hotels

H. W. Matthews, General Manager, Canadian Pacific Hotels in Western Canada, with headquarters at Winnipeg, has been promoted to the post of General Manager of the Company's hotel system from coast to coast, with headquarters in Montreal, according to a recent announcement by E. W. Healey, Chairman and President. Mr. Matthews brings a wide experience gained in 15 years of service with the Company, to his new position.

Matins: "Boy! When all things my wife, the just close her eyes so tight. Sambo (with enthusiasm): Ah! say she do."

Matins: "What's dat?" Sambo (with less enthusiasm): "Ah say, do shay?"

In the present state of political life, in this time the only man capable of being Prime Minister will be a light-weight boxer who runs around the park every morning before breakfast.—Sir Samuel Hoare.

## Never Too Late for Love

By H. IRVING KING

MARGARET HARRUP case should be a warning to all girls. She was a very nice girl, an average-looking girl, an average-looking girl, an average-looking girl. She was a very nice girl, an average-looking girl, an average-looking girl. She was a very nice girl, an average-looking girl, an average-looking girl.

JULY WHY  
Sunshine and shadow—shadow and sunshine. So life runs on. We climb the hill, and find ourselves at the top.

Life is given to all of us to make the most of it, getting engaged and married around here and wondering if there was not somewhere in the world "another life" without which her life was incomplete.

Life is given to all of us to make the most of it, getting engaged and married around here and wondering if there was not somewhere in the world "another life" without which her life was incomplete.

## The Adventures of a Former Resident of Georgetown District

By David J. Howell

The following very interesting letter from David J. Howell, formerly of Georgetown, is one that will be appreciated by many readers. It is a story of the adventures of a former resident of Georgetown, and is a very interesting and entertaining story.

It is a very interesting story of the adventures of a former resident of Georgetown, and is a very interesting and entertaining story.

Home Owners must make application for survey of premises to secure Free Electric Flat Rate Water Heaters

**Hydro-Electric System of Ontario**

Home Owners must make application for survey of premises to secure Free Electric Flat Rate Water Heaters

IN ORDER to secure early installation of free electric flat rate water heaters it is necessary for house-owners, landlords and tenants to send in their application now, by means of the coupon shown below. The method is simple and direct. Simply write your name and address in the space provided, and mail it to your own local Hydro office or apply at your local Hydro office or municipality and a preliminary survey will be made of your house to determine conditions of wiring, the existing system of hot water heating and your hot water requirements. From that the type and capacity of the flat rate water heater is decided and, also, whether a "Booster" heater is required in addition. Then installation proceeds.

This absence of elaborate detail and unnecessary red tape in applying for free installation of water heaters is one of three direct advantages conferred on the people of Ontario by the Ontario Hydro Free Installation Plan. The other advantages are:

1. The installation of flat rate electric water heaters will be absolutely free of cost to the house-owner, landlord, or tenant. Cost of heater element, tank insulation, thermostat and necessary wiring will be borne by the Commission. All the consumer will do is to pay a new low rate for the service he receives.
2. In any home where the new low flat rate electric water heater is installed a higher standard of comfort, convenience and economy will immediately be created. The fact that electric water heating is the best and most economical means known; that the new equipment will be trouble-free, automatic in action and requiring no attention from the householder, and that Ontario power rates are among the lowest in the world, indicates how much this free heater plan means to the citizens of Ontario.

If you desire any additional information on any point, your local Hydro officials or municipality will gladly furnish it.

Little Boy: "There must be some visitors down stairs."  
Little Boy: "How can you tell?"  
Little Boy: "I hear mother laughing at father's jokes."  
"What is your occupation?" asked the judge sternly.  
"I'm a lawyer," replied the trainee.  
"You'll be a good one, so to speak," said the judge, turning to the other.  
"Please note," said the judge, turning to the other.  
"I am a retired from circulation for thirty days."

## Home Owners must make application for survey of premises to secure Free Electric Flat Rate Water Heaters
