

MOTHERS

If at times you feel discouraged and sad  
That your life is not as it should be,  
The future is gloomy when it seems  
To be black,  
That your way to meet with trials  
and adversity,  
The hope you looked for has turned to  
despair,  
There is trouble deep down in your  
soul,  
A vague unrest, that your friends are  
unfair,  
You have not done your part as a  
wife—  
There is one thought that will cheer  
above all others,  
That is the thought of your own dear  
mother.

She may still be on earth to comfort  
and cheer,  
She may have gone to that far city  
of gold,  
Think of her tenderly, whether her  
name with a tear,  
Let memory's hand lead you back to those  
days of old  
When as a child you knelt by her  
chair at her tender, that will brighten  
And lead from her lips the  
mother's care  
And you'll find to trust him what-  
ever be,  
And those learned patients, truth,  
fills and joy,  
There is one thought that will brighten  
your way,  
The thought of your mother, this  
is the ideal day.

In memory's shrine keep her dear  
face,  
It will make life more blessed and  
true,  
Remember, so love a mother's love  
can ever replace,  
Her love is so tender, so loving and  
true,  
Who can measure the strength of the  
whirlwind power,  
Or number the stars that shine  
brightly above?  
Who can purchase from time one  
golden hour,  
Or fathom the depth of a true  
mother's love?  
Wear a white flower in her honor if  
she is gone away,  
If she is still on earth, wear a red rose  
to-day.

CHILDREN LOVE 'EM

**TOAST BROWNIE**  
(Serves 4)  
1/2 cup orange juice  
Crushed rind 1 orange  
1/2 cup sugar  
1/2 stick butter  
Mix all ingredients except butter,  
Put into buttered baking dish, con-  
taining 1/2 cup of butter and bake  
in oven at moderate heat (350 - 375  
degrees F.) until apples are tender. It  
should be served with a little  
amount of orange juice slightly. This  
is a pudding type treat.

**MOOSE PUDDING**  
(Serves 8)  
1 cup orange pulp, dried  
1 cup apples cut fine  
1/2 cup broken walnut shells  
1/2 cup orange juice  
1 teaspoon ground cinnamon  
1/2 cup sugar  
1 tablespoon bread crumbs  
1 teaspoon butter  
Mix all ingredients except butter,  
Put into buttered baking dish, con-  
taining 1/2 cup of butter and bake  
in oven at moderate heat (350 - 375  
degrees F.) until apples are tender. It  
should be served with a little  
amount of orange juice slightly. This  
is a pudding type treat.

**THEY'VE SOME DAY**  
Chocolate Sauce  
1/2 stick butter  
1/2 cup sugar  
1/2 cup milk  
1/2 cup cocoa  
1/2 cup vanilla  
1/2 cup nuts  
1/2 cup raisins  
1/2 cup currants  
1/2 cup almonds  
1/2 cup walnuts  
1/2 cup pecans  
1/2 cup hazelnuts  
1/2 cup cashews  
1/2 cup pineapples  
1/2 cup strawberries  
1/2 cup raspberries  
1/2 cup blueberries  
1/2 cup blackberries  
1/2 cup cherries  
1/2 cup peaches  
1/2 cup plums  
1/2 cup apricots  
1/2 cup nectarines  
1/2 cup kiwis  
1/2 cup mangoes  
1/2 cup guavas  
1/2 cup papayas  
1/2 cup pineapples  
1/2 cup strawberries  
1/2 cup raspberries  
1/2 cup blueberries  
1/2 cup blackberries  
1/2 cup cherries  
1/2 cup peaches  
1/2 cup plums  
1/2 cup apricots  
1/2 cup nectarines  
1/2 cup kiwis  
1/2 cup mangoes  
1/2 cup guavas  
1/2 cup papayas

**A REDUCING DIET**  
For those whose training diets are  
overly strict, the suggested diet  
contains just the right amount of  
protein, fat, and carbohydrates to  
keep the body in good health and  
prevent the loss of muscle tissue.  
This diet is based on the following  
principles:  
1. Eat only fresh, unadulterated  
foods.  
2. Eat only the best quality of  
foods.  
3. Eat only the best quality of  
foods.  
4. Eat only the best quality of  
foods.

**LEMON MUFFINS**  
1/2 cup oil  
1/2 cup sugar  
1/2 cup baking powder  
1 cup milk  
3 cups flour  
1/2 cup lemon juice  
1/2 cup lemon rind  
1/2 cup lemon seeds  
1/2 cup lemon pulp  
1/2 cup lemon juice  
1/2 cup lemon rind  
1/2 cup lemon seeds  
1/2 cup lemon pulp

MEAT PIE WITH RICE

Four cups cooked rice, 1 onion, 1  
cup tomatoes, 1/2 teaspoon salt, 1  
teaspoon pepper, 1 tablespoon fat, 1  
pound raw meat or left-over meat cut  
up small. Heat the fat, add the sliced  
onion, and if raw meat is used, add  
and stir until the red color disappears.  
Add the tomato and seasonings after  
the onion is browned, and heat  
through. Grease a baking dish, put  
in a layer of rice, add the meat and  
gravy and cover with the rice dotted  
with fat. Bake for half an hour.

V. M. CONSERVATION NEW

**POLICY TO BE ENFORCED  
MAY 15**  
A new policy in regard to com-  
pensation in the tuberculoses tests carried  
out by the Health of Animals Branch,  
Department of Agriculture,  
will be introduced on the 15th of  
this month. Formerly, when pur-  
chased cattle were ordered to be  
slaughtered under the various tuber-  
culosis policies, it was the rule that  
most owners were allowed 90 days in  
which to dispose of the animals. In  
the new policy, the time limit is  
reduced to 60 days. The regulations  
dealing with the slaughter of cattle  
under the various tuberculoses poli-  
cies will be enforced on the 15th of  
this month. The regulations dealing  
with the slaughter of cattle under the  
various tuberculoses policies will be  
enforced on the 15th of this month.  
The regulations dealing with the  
slaughter of cattle under the various  
tuberculoses policies will be enforced  
on the 15th of this month.

WHEN THE CHICKENS COME

People in this, as well as in every  
other town, have from time to time  
been troubled during the summer  
months with the neighbor's chickens.  
Now that in a few weeks gardening  
will again be the fashion, perhaps the  
following scheme of getting rid of the  
chickens may be valuable. It is the  
old scheme of tying a card or piece of  
paper by means of a short thread to a  
corn. When the fowl swallows the  
corn, the cards dangle from their  
beaks, thus frightening them.  
A message to writers on the card sim-  
ilar to the following: "I have been bit  
by Mr. Healthy's chicken, where I should  
not have been, so kindly shut the up."  
If this does not bring results, a louder  
message may be sent. The  
former one—Shut up! Shut up!  
and so on.

We dislike lectures who counsel  
their manuscript, thus preventing us  
from knowing how much longer we'll  
have to keep quiet.

CROP REPORT

Below will be found a brief synopsis  
of telegraphic reports received at the  
Head Office of the Bank of Montreal  
from its branches under date of May  
4th, 1933:

**General**  
Owing to a backward spring, agri-  
cultural operations throughout the Do-  
minion have been delayed from one  
to three weeks later than usual but  
conditions in other respects espe-  
cially in regard to moisture are generally  
favourable. In the Prairie Provinces  
the seed bed generally is in good con-  
dition and moisture conditions are  
better than for the past few years  
but warm weather is needed to pro-  
mote growth. Pastures in local parts  
of the Dominion have withered well  
but in Southern Saskatchewan and  
Manitoba it is reported that growth  
so far has been negligible. Orchards  
in Ontario, British Columbia and the  
Maritime Provinces have also wither-  
ed satisfactorily. In Quebec Province  
seedling will not be general for an-  
other two weeks. In Ontario fruit  
wheat fields are looking exceptionally  
promising and wheat affairs and  
lower have come through the winter  
better than was anticipated. In the  
Maritime Provinces little work has  
been done on the land except in the  
southern part of Nova Scotia where  
an early spring is reported. In Brit-  
ish Columbia seeding is now general  
and it is expected that in two to three  
weeks later than usual. Details fol-  
low:

**Alberta**  
Northern Area—Little  
seeding has yet been done. If the  
weather continues favourable seeding  
should be general within the next few  
days. Moisture conditions are good.  
Southern Area—Seeding has  
commenced but has been delayed by  
snow. With continuance of fair weath-  
er seeding should be general this  
week. Moisture is ample.

**British Columbia**  
Northern Area—Seeding has com-  
menced in a few sections on the high lands  
in the south but in the north con-  
siderable snow still remains and seed-  
ing will not be general for at least  
another week. Southern Area—Seeding  
has commenced but has been delayed  
by cold weather. Moisture conditions  
are good. Seeding operations are gen-  
eral with little soil drifting to date. Moisture  
conditions are better than for the past  
few years although subsoil reserves  
are not too plentiful in western sec-  
tions. Over the Province as a whole  
there will likely be a small reduc-  
tion in wheat acreage and some in-  
crease in that of cereals. The  
springs down to Fall river is substan-  
tially low. Pastures are in poor con-  
dition. Moisture—with continued fav-  
ourable weather seeding will be gen-  
eral over the Province by the end of  
the week. Moisture conditions gen-  
erally are good although there is some

**Manitoba**  
During the month of April there  
were 7,668 accidents reported to the  
Workmen's Compensation Board, an  
increase of 1,238 in March, and  
2,311 during April a year ago. The  
total accidents numbered 18, as  
against 23 last April.

**Ontario**  
The benefits awarded amounted to  
\$301,733.74, of which \$282,866.65 was  
for compensation and \$18,867.09 for  
medical aid. The Board awarded  
during April a year ago amounted to  
\$282,164.76.

**Quebec**  
Judge-Well, have you are again,  
Rattus—Yes, Judge. You back  
store you again, but did time Ah got a  
good cause.  
Judge-Well, what is it Rattus?  
Rattus—Judge, what would you do  
if someone steal your wife?  
Judge—I'd cut her company, Rattus,  
and let it go at that.  
Rattus—That's what Ah did  
and Ah cut him dead.

PROVINCE OF QUEBEC

Cold weather has retarded spring  
operations which are later than usual.  
Pastures appear to have withered well.  
The run of maple syrup was small  
but of good quality.

**Province of Ontario**  
Seeding operations which were de-  
layed by cold, damp weather have  
now become fairly general except in the  
Western section of the Province  
where the season is about ten days  
late. Cereals have withered with-  
out any apparent damage and early  
indications are favourable. Tobacco  
plants in greenhouses are well ad-  
vanced and in Norfolk County the  
planting of a slightly increased  
average over that of last year is indicated.  
Maritime Provinces  
The season generally is about two  
weeks later than usual and seeding  
will not be general before the 15th  
of May. Only about half of an average  
year's acreage of potatoes will be  
planted. Pastures and apple trees  
appear to have withered well.

**Province of British Columbia**  
There is an ample supply of mois-  
ture and the soil is in good con-  
dition. It is expected there will be a  
slight reduction in the acreage sown  
to wheat. Potato acreage will be  
increased about 30 per cent. The  
average planted to potatoes will be con-  
siderably increased. Fruit trees have  
withered well. Small fruits suffered  
considerably from winter killing and  
berry crops it is expected will be a  
low average. Pastureage is plentiful.

ACCIDENTS AND COMPENSATION

**Manitoba**  
During the month of April there  
were 7,668 accidents reported to the  
Workmen's Compensation Board, an  
increase of 1,238 in March, and  
2,311 during April a year ago. The  
total accidents numbered 18, as  
against 23 last April.

**Ontario**  
The benefits awarded amounted to  
\$301,733.74, of which \$282,866.65 was  
for compensation and \$18,867.09 for  
medical aid. The Board awarded  
during April a year ago amounted to  
\$282,164.76.

**Quebec**  
Judge-Well, have you are again,  
Rattus—Yes, Judge. You back  
store you again, but did time Ah got a  
good cause.  
Judge-Well, what is it Rattus?  
Rattus—Judge, what would you do  
if someone steal your wife?  
Judge—I'd cut her company, Rattus,  
and let it go at that.  
Rattus—That's what Ah did  
and Ah cut him dead.

A Million Deposit Accounts Denote Confidence

At its offices throughout Canada the Bank of Montreal has over one million deposit accounts.

The depositors, Canadian individuals and Canadian business firms, represent every class of the community in city and country alike—from persons of large means to children saving their life's savings, from industrial corporations of international scope to farmers and small tradesmen.

Good faith, good will and good banking practice on the part of those directing the Bank grow naturally out of the sense of responsibility imposed by the expression of nation-wide confidence.
