KEEP YOUR GRIT

Hang on! Cling on! No matter what they say, push on! Things will come your way, sitting down and whining never helps a bit. That way to get there is by keeping up your grit.

ONLY ONE MOTIFER

Hundreds of stars in the night sky; hundreds of shells on the beach; hundreds of birds that go singing by; hundreds of bees in the sunny weather; hundreds of dewdrops to greet the dawn; hundreds of lambs to the purple clover; hundreds of butterflies on the lawn; but only one mother the wide world over.

MERRINO CATON GOES TO CHINA

A portion of the Canadian having catch goes to China where it forms one of the cheapest foods available according to the National Resources Department of the Canadian National Railways. In the Pecosquoddy region of the coast of New Brunswick, Canada, the fish is taken in all the remaining Canadian Atlantic coastal waters. Further thought into China's domestic affairs is brought to light in the increase in demand for newspaper and other papers due to the greater numbers who can read and write and the greater interest in national and world affairs.

FREEDOM ANNIVERSARY

PERSONAL MATTER

"Dear, I have told you again and again not to speak when older persons are talking, but wait until they have said their piece."

ANNUAL FLOWERS

Time and money do not permit all to enjoy late flowers, but it is possible for all to have a small lawn around the house, with perhaps a few trees or shrubs and the old flower bed. No matter how small the house or limited the area may be, one or two trees of the old flowering shrub and a few flowers properly planted will impress upon the traveler or tourist that someone really lives there who cares.

Cupid a Winner Against Odds

By DUPOND JEMME

Mrs. DEARBORN looked lovely at the wedding, aristocratic face, bright eyes, a smile that was irresistible to breaking his heart. Since your engagement she has been happy, she has never known her to be before. She has been so happy, she has never known her to be before. Some provincial governments are considering the possibility of going back into the business of carrying out the unemployed by providing work. It is now announced that Mr. E. Stelmach, chairman of the British Empire Lumbermen's Association, will call on the board of directors of the National Lumbermen's Building overlooking the Ottawa River.

One of the fishing situations of this part of Nova Scotia is a trip with the swordfishermen to the swordfish grounds to witness the swordfish with their own eyes.

FIBBLERS ONCE ROGUES

Lord Chesterfield considered it to be a disgrace to be a fibbler or a liar. He advised his son that if he loved to hear it, to pay attention to the words of the fibbler. He said that the fibbler is a man who is a liar. He said that the fibbler is a man who is a liar.
