Ottawa, July 18th—The western wheat crop in the Maritime Provinces in the U.S. dollar and the British pound, the economy was in governmental assistance, and the arrival of the Italian fleet on route for Chicago shared the attention of the federal cabinet during the past week. The new tariff board, created by an act early in 1931 but not started until a few months ago, got off to an uneven opening by hearings on such diverse matters as cigarette lighters, the Maritime, and the tariff on woolen cloth. The big textile case will not come up until fall.
