IN SCHOOL

used to go to a bright school. Where Youth and Prolic taught in

But, idle scholar that I was I liked to play, I would not learn: Bo the Great Teacher did ordain That I should try the Echani of Bala

One of the infant class I am.
With little, easy lessons, set
In a great book; the higher class find mine hard, and can't restrain My heart while studyles thus with

There are two teachers in the school: One has a wentle votes and low. And smiles upon her scholars sa Her name is Love; "tis very plain the shuns the sharper teacher, Pela !

Or so I scandilines think; and their.

At other times, they meet and kind And look so strangely like, that I Am pushed to tell her it to. Or whome the change, which makes greatly adultal line fairfur

And Warn my become, I shall be Moved upward to that higher class Where dear Love teaches constantly and I work hard, in hoose to gain Heward, and get away from buin.

let Pain is sometimes kind, and being Me on, when I am very dull; thank him often in my heart. But Love is far more beautiful; nder her tender, gentle reign. must learn faster than of Pain.

I'will do my wry but, Nor chide the clock, nor call it along hat when the Tvactur calls me up To see if I am fit to so. may to Lore's high class sitain. and bid a sewi good-by to Pain.

LITTLE DEMAND THERE BOR EXPENSIVE BAFES

The absence of exports in the art of safe-breaking in Jamaica, British West Indies has a great bearing on the type of sales in demand for protection of valuables, states the Cans cach other. Then came a reception dian National Steamships. On this and dance held in honor of a distinaccount protection is desired chiefly guished foreigner by the president of against fire and safes usually manu- the Biar Life Insurance assectation. factured for this market have double and Grant Bredford with a few other walls with suitable insulating material, more important personages to the of tiome of the sales have tocks and keys. See was invited. Grant Bradford asked particularly those of English make. for an invitation for Ro-r and felt More cishorate and expensive sales are sold but very occasionally. four banks and some of the insurance companies doing business in Jamaica have large installations made him, and Grant noticed that she grew by well known knglish nd American embarrased and colored as she speke firms but demand for such safes oc- "I'd like to go, but I really don't think curs only now and then.

Going Abroad Was His Ambition Ottawa, Aug. 15th-The 'National

By JANE OSBORN

YD OMANCES are rather rare to the if C business offices but in the cell Have harder ones than I. and yet regulated office of the Hear Jake here! acts smartilles they did aut exta Namierose girle worked there-typists Minigraphore, filing clarks, doing us Lolosous routine work from the tit Bre every worklog day.

Bo when first firstford stown! symptoms of toing very seriously intorcotal to Itano Fairfat, the new glot to the filing department, much curios Ity was around. Grant Brudford went to far as to tell our or two of lds as soristee will whom he worked, rem billing abetrum statistics that he Bomellmas tancie weatered should

Ross Velefas Hie was the daughter of a fairly well to do dater up toom libe had find there graduated from end lege. (Notionaly abordled not seed to work for ther dally fired, see even were obviously the was not my of those girls who work only that they cicities that floor work, eaty liver of distinction and amartimes to any-

thing she had on Then people began to wonder about Great He was considered something and received a reully great salary for a man of his age. He far us his autoclates knew he had no dependents, nor did he seem to be a bounder-jet Le ate at one of the most inexpensive places in the neighborhood, never were new clothes and lived in a cheup rooming house. Apparently he had no ex-

traverent babits. Ro matters progressed and Grant Bredford and Stone Fatefax seemed more and more seriously attached to sure that Rose would readily consent

"It's thoughtful of you." Rose told I sught to."

Grant said that she must have a resson for declining and Rose said that she had. She might have explained but Grant felt offended and showed it. So Grant went alone to the reception and the next day lunched with Ross without mentioning the rather palaful subject. Then one day Grunt was late of

function time, and he asked line to linger while he ate. It wouldn't mat tor if she did stay out a little over the allotted hour. "I was late on purpose I wanted to talk with you a little after the crowd had thinned out and we could have a table to ourselves. Hose -I think we ought to talk things over. Too wouldn't go to that dance with me, and I've often wanted to take you to the movies or one of the museums but you wouldn't ra."

"Movies-moseuma" said Rose will something of a sheer. Then she "Well, perhaps I ought to have explained, Grant, but now I think of it. I don't see that I owe you an expla-

ing every penny I can to realize that

"I've had a sort of ambition," con-

fessed Rose. "I really don't have to membered my ambition, floss I'm other matters. sorry. Rose what was your am-

hitlon?" "I wanted to go abroad. I'm going to go in June-at least, I planned to go then and I have saved almost

my umbition. I've arranged for a three-months' leave is the summer. I'll have finished up this survey by that time-and-" He looked very intently at Rose and wished that her hand was not so far across the table. "Rose -dear-let's go together. I've enough saved to take us both. You can spend what you've saved to buy the pretty dresses you want-though you don't need lovely clothes to make you look lovely to ma"

And when June come Mr. and Mrs. Grant Bradford sailed for France. Their steamer masage had been puld -the wedding present of the Star Life Insurance association in toker of the only romance that had ever come to pass within its walls.
