UNDER WAY

UPWARD TREND NOW

HON. E. N. RHOBES AND FROMIN-KNA BUNKKHR FAROKER

The Prime Minister's confident and encouraging statement introducing the new Dominton Loan has created a very positive and favourable reaction throughout the Country. Its clear-cu expression of his conviction that recovery is under way, together with the evidence he cited, have stimulated a growing sense of optimism in businew circles which is reflected in the labroutmate produced a fuck of cards subscriptions to the New Loan. Three has also been widespread endorsement of his view that, although the road may be long and progress alow, the events of the past six months appear to demonstrate with increasing clarity that the downward twind has come to a definite stop and that the upward of the more serious gamilian toland trend to to progress.

Home examples of the comment of Finance: "As Canadians we must be a more or less common occurrence. all there in the conte of encourage. The women apparently have no voice ment that the Prime Minister has in the matter whatever, but marely inspired by his statement regarding they the husband." tions throughout this country. It has called our attention to indications of recovery that have become increasingly definite with each succeeding month, and which have been so surtained and consistent that one can no longer doubt their significance."

Hairit of Confidence concur with the statement of the Prime Miniteer as to the upturn which has taken place progressively in the Country's economic life there has fishing villages along the coast, or vis-Despite adverse crop conditions I of the notellat Neso, you will find it a found, during my recent tour of the West, not only a spirit of confidence but quite noticeable signs of improve-

Professor Oilbert Jackson, Director of the Courses in Commerce and Finance of the University of Toronto and ublase with color.—Exchange, Economist of the Bank of Nova Scotia: "The very temperate statement made by the Prime Elinister with reference to recent improvements in Canada is fully validated by the fact. Not only have the physical volume of business and production increased since Februeven more encouraging point is that the prices of basic commodities have risen approximately in the same ratio This has been followed by marked increase to manufacturing activity. Even in construction there are signs of timprovement. Most encourages of all to in the akuation evidenced by that people; a pastilence which lasted 15 Damocrat, increased readiness to spend.
