Apple Prices Imprere en British

The market for Ontario apples Orest Britain has improved since the Now Year and prices have advanced alightly. Andrew Pulton, overseas fruit representative, reports that he has been obtaining 18 to 23 shillings a barrel for good quality, attractively coloured Baldwins, and 15 to 17 shillings for Domestic grades of that variety, Oreenings of No. 1 quality and large alses are realizing up to 23 shill-

pects for Ontario Apples on the littleish market during the remainder of Then you find it possible to compete tory for the shippers, and that the Ontario Ben Davis and Stark apples still remaining to be sold will realize fair prices if they arrive, as expected. in good condition. He writes: best piece of business carried out by the Ontario apples exporters this season was in packing their Oreanings and Starks with shredded oil paper, and placing them immediately into cold storage. This is the first season since I have been on this market that we have not received complaints from buyers about Greenings scalding early in the season. I have watched all shipments of Ontario Greenings received to date very carefully and without exception, where the full weight of a pound and a half of shrodded oil paper per barrel has been used, the apples have retained a clear skin without any trace of scalding.

This achievement has created a very

favourable impression on the buyers." Bill of Lading Regulred Of the three elements of plant food for hire is required, under his P.C.V. contained in complete fertilizer mix- license to furnish a bill of lading to

tures the proportion of nitrogen in the fertilizer ahould be given special attention. If previous crops have shown too great a growth of leaf and stem with a poor grain, root, or fruit development, the proportion of nitrogen is the farmer and, with the purpose of abolishing such a condition the Governiance of the condition of the coverniance of the coverniance of the condition of the coverniance of the c supply of this element will probably be of livestock shipping being effected by truck, the shipper had to depend in many cases on the integrity of the rucker. Too often this resulted to dispute, with the shipper austaining
