### HALF-LOAD REGULATIONS NOW IN EFFECT

### Permit card must be carried in vehicle or by operator at all times

THE HIGHWAY TRAFFIC ACT PROVIDES that the loads which may be carried by various types of vehicles during the months of March and April shall be limited as follows:

Solid viked Solid tired trucks and trailers shall not carry a load of more than

half their registered carrying capacities.

PREUMATIC Preumatic tired trucks and trailers with a registered carrying capacity of 3 tons and not more than 6 tons, shall be limited to

Pneumatic tired trucks and trailers with a registered carrying capacity of more than six tons shall be restricted to a load of not more than half their registered carrying capacities. Horse drawn vehicles with a carrying capacity of more than one ton shall be limited to 250 lbs. per inch in width of tire.

THESE LIMITATIONS APPLY ONLY ON THE FOLLOWING ROADS, whether paved or unpaved, outside the limits of cities, towns or villages:

ALL COUNTY ROADS ALL TOWNSHIP ROADS

THE FOLLOWING KING'S HIGHWAYS: No. 17 Arnprior to Pembroke

No. 2 Belle River to Tecumseh Clinton to Durham Williamsford to Chatsworth

Lucan to Arkona Perth to Peterboro Cookstown to Primrose Orangeville to Grand Valley . Dundalk to Chatsworth

Beaverton to Atherley Orillia to Midland Foxboro to Sterling Gananoque to Elgin

REGULATIONS NOW REQUIRE THAT THE PERMIT CARD ISSUED FOR A COMMERCIAL VEHICLE must accompany the vehicle at all times. It may be carried by the operator or in some readily accessible part of the body or cab of the vehicle.

PENALTIES-Highway Traffic Officers have been instructed to be especially vigilant in apprehending those who disobey these regulations and the Highway Traffic Act prescribes severe penalties for infractions of the weight regulations or for failure to carry permit cards.

Ontario's good roads represent an investment of millions of dollars which must be protected, especially against preventable damage. Every owner and driver of a commercial vehicle must assume his full share of responsibility.

# Ann is going to get MARRIED!"

"Yes! She's engaged to a nice boy. He's not making a big salary yet, but he'e a hard worker. They'll have to be careful of their money, at first!"

Careful of their money! With a home to find, furniture to buy, marketing to learn . . . with the thousand and one little emergencies to meet that newlyweds never dream of . . .

And a young girl, inexperienced in these practical problems, is expected to be careful of her money!

Ann will bless advertising. In the pages of this newspaper she will find the very experience she lacks -the advice she needs!

It is when every penny counts that advertising gives its best service. The advertisements you read are valuable lessons in everyday economy. They help, as nothing else can, to make your dollar go the longest distance. For advertisements show you which article, at the price you are willing to pay, is going to suit you best. And the very fact that it is advertised is its guarantee that it will give you satisfaction after you have bought it.

The advertisements in this newspaper are a most valuable guide to wise buying. pays regularly.

CANADA AND PROSPERITY.

Deminion's Wheat Hing Oredited With Boosting Canada's Produces. Wheat at a dollar, or even at the premise of a dollar, would ead the depression in Canada. For, no matter what some economists may hold, Canada's prosperity under existing conditions is bound up with wheat. With wheat at a dollar an average erop brings \$200,000,000 into this country. There is created a tremendous purchasing power; millions of bobby or pastime of whittling. The dollars' worth of orders for eastern hand working of wood is too slow for | manufacturers; traffic for our railways and ports; a general increase business activity in nearly every line. In the circumstances, all of Canada should be grateful for Herman Trelle. He has taught the world that the world's best wheat is grown in Canada, which must be of enormous value to us all, and his achievement is an assurance that even in a period of surplus wheat there will always be a demand for the quality of the wheat that Canada can produce.—
