Stoen was elected chairman of the campaign committee and everyone is banding our candidate who has done so much for Oakville. Mrs. Davis in his opening remarks made it clear that as far as he was concerned the election was a clean campaign and no mis-statements would be made. I have many good Liberal men and women clients and I have many friends of mine who are so loyal, he said, my great concern is for the farmer and working men. PERSONALS

W. S. DAVIS Conservative Candidate

To the Electors of the County of Halton: As you will have seen by the public press I have been nominated as the Conservative candidate for the County of Halton. I have accepted this nomination as I consider it a privilege to serve the people at this time, as well as a public duty.

Public meetings will be held in the various municipalities when questions of the day will be discussed by able leaders of the Government. I trust you will be able to attend one or more of them. It will be impossible for me to see every voter personally, as much as I would like to do so. Therefore, I am taking this means, not only of asking you to vote for me, but to be good enough to ask your friends and neighbours to do likewise.

To those of you in the North part of the County, who do not know me like my friends in the South, may I say, for your information that I have lived in Oakville all my life. I served in the Council for some fifteen years, seven years of which I was Mayor. I was manager of the Bank of Hamilton for over fifteen years, and have been in the Real Estate, Insurance and Mortgage Loan business for the past twenty-five years.

Many of my clients are farmers with whom I have been associated for many years. I am familiar with their wants and will put forth every effort on their behalf, as well as on behalf of the working men, who have been unemployed for so long. Not until the farmer gets good prices for his produce and the working man receives adequate wages to purchase the necessities of life, will we have prosperity in our country. The present government is doing everything humanly possible to accomplish this desired result, notwithstanding Mr. Hepburn's misleading statements—statements of sheer bluff to win his way to power.

I have faith in the good sound judgment of the people of the County of Halton, that they will compare the reputation and business ability of the leaders of the Conservative party, with that of the so-called Liberal leaders, before marking their ballots. Who are these so-called leaders of this Liberal party? Mitchell Hepburn, Harry C. Nixon and a few Toronto lawyers. What do YOU think of their ability to legislate for this great Province?

The voting takes place on Tuesday the 19th day of June, 1934.

Thanking you in anticipation of your help and influence, I am Yours faithfully, W. S. DAVIS.
