To the Electors of the County of Halton:

Before you mark your ballot on June 19th, consider well the ability of the three leaders, Conservative, Liberal and C.C.F .- their policies, their judgment and their past records. The administration of the various departments, carried on by the present government, is a colossal undertaking and requires men of experience, sound judgment and vision.

I know all of these cabinet ministers personally, and I feel satisfied that they are doing their utmost to carry on successfully the affairs of this Province in an honest business-like manner. Many insinuations and false charges have been made, and are being made, against them by the opposition, who however, have never been able to substantiate or prove any act of dishonesty or of self-interest, committed by these men. Being human they may have made mistakes like the rest of us, but their intentions were always in the best interests of the people.

I have not made one disparaging remark against the Liberals of Halton. I have scores of friends and clients who are Liberals, and no matter how they vote, I shall hope to always count them among my triends. Many of them have voluntarily come to me and expressed their willingness to vote for "Willie Davis" as a successful business man, and true friend and not as a politician, all of which I sincerely appreciate. I feel that the great Liberal party is, at the present time, without men of ability to lead and carry on the business of this great Province successfully. No home, church, factory, or any other institution can be a success unless there is unity. You are familiar with the Biblical saying: "A house divided against itself cannot stand." The former Liberal leader, W. E. N. Sinclair, is known as one of the most honest and straightforward men of the day. Mr. Sinclair would not be murch the name of the Liberal Party by actions similar to some of Mr. King's associates in the Beauharnois scandal, when he said that he felt that the good Liberal Party had been plunged into the depths of humiliation and despair, through some of his unscruptous followers. The flamboyant actions and statements of the present Liberal leader have alienated the support of many of the more outstanding and inteiligent supporters of the party as well as that of Mr.

I earnestly ask every one who reads this column to think seriously and weigh carefully the forgoing statements, before marking his or her ballot. I am speaking as a business man to the intelligent people of the County of Halton. I have every confidence in their good judgment, and I feel that a very large majority of them will mark their ballots in my favor, on Election

Thanking you for your interest and assistance in this campaign, I am

Sincerely yours,

W. S. DAVIS.
