PATHFINDER

Established in 1917, the Bank of Montreal was the first permanent bank in British North America.

The first bank to help finance the improvement of the Lawrence Waterway, through the assistance it gave to the building of the first Electric Canal.

From its inception the Bank of Montreal has held the confidence of the Canadian people. Today that confidence is expressed in the fact that the Bank holds more than one million deposit accounts, equal to a deposit account for one in every ten persons in the entire Dominion.

Canada's national paper, as the sequel to such a record that this Bank will assist the spirit of the pioneer in to opening with the future business life of the nation.

Pearl—You really ought to come to Florida with me this winter. I had a wonderful time there last January. I won a beauty competition.

Beatrice—No, I think I'd rather go where there's more of a crowd.

Editor—Did you ever write anything before?

Author—Oh, yes, I wrote a confession story once.

Editor—Did the editor send it back?

Author—No, he came all the way from New York to St. Louis to meet me.

Pretty wife (on stand in divorce court)—It was the old, old story, a husband (roaring, as she shook off the restraining hand of his attorney) —live here, don't you call me a horse!

Better Times

The Crown Life Annual Report for 1934, details of which will be published in this paper three weeks hence, will be a striking indication of the improvement of business conditions generally and of the rapid progress which this Company, in particular, is making as evidenced by the following facts:

- Big Increase of New Policies Issued
- Big Increase of Insurance in Force
- Big Increase of Assets
- Big Increase of Surplus

OPPORTUNITY

The Crown Life has an opening for a competent district representative for Georgetown and vicinity. Previous life insurance experience not essential but standing in community and ambition to succeed are essential. A real opportunity for the right man. Apply directly to — E. J. S. Brown, Agency Supervisor, Crown Life Bldg., Toronto.

QUESTION FOR THE COURTS

IN AN ESKIMO AN INDIAN?

What is an Eskimo? This question has been put to the Supreme Court of Canada to decide at its next term. The matter came up in connection with payment of relief money. The Quebec Government contends that the Eskimo are Indians, while the Dominion Government claims that they are a race separate and distinct from Indians. Indians are wards of the Dominion Government and if the Eskimo are Indians then the Dominion must pay for the relief for the large colonies in the Ungava section of Quebec. The sum of \$40,000 is involved.

REFLECTIONS FROM THE PAST

There comes a pause in life's mad rush. To the mind that's calm and sane When memory whisks her gleam of light. And the years roll back again. When memory thus revives the scenes Of days that long have gone. An impulse seems to sway the mind Like a whimsy breeze at dawn.

That sense of pleasure soon gives place To a host of sombre thoughts of gloom Where youth and strength are gone. The truth comes home at last. That the "mills of life will grind no more. With the water that has past.

As fancy leads us through those halls Made rich with memory's lore. We mentally scan those days gone by. That shall return no more. The cheerful gems in memory's crown. But when we're wakened by the reflecting pale and silent light. Like the moon at midnight's hour.

The fondest memories seem like myths. Or fancies from those scenes of life. That time has left behind. Like flickering lights that shine above. In life's more happy hour. Preserved within the mystic shrine. The seat of mental power.

How impressions left upon the mind By events that long have past. Can revive the same emotions. By the shades of things that cast. Is beyond the scope of knowledge. Or science to explain. And of the nature of mysteries. Designed to long remain.

—Milton M. Hill.

"DRIVE CAREFULLY" NEW YEAR'S MESSAGE

Enrollment of service clubs and Boy Scouts of Canada, "Drive Carefully" move is announced from Queen's Park, Toronto. Lions and Kiwanis are joining with the Ontario Safety League and the Board of Trade in sponsorship of a Province-wide safety campaign. The toll of the last four years—1931 killed, 32,222 injured, and property damage of \$2,747,417—has been blazoned on publicity, which includes warning to "look out for children." The campaign and in co-operation with the Ontario Branch of the Department of Highways.

All car drivers are urged to cooperate in the movement to reduce accidents and the resultant deaths, injuries, property damage. Start the New Year right!

ANNUAL REPORT OF HOUSE OF REFUGE

The annual report of the Halifax and Peel House of Refuge for the past year has been recently issued. The report stated there were 63 inmates in the institution. Of whom were receiving the old age pension. There have been 19 deaths during the year from natural causes. Capital expenditure to date has been \$1,250.84, which includes purchase of out-buildings, electric separator, wagon, and sundry extensive repairs. Farm stock includes 4 horses, 34 head of cattle, plus 200 bushels of alfalfa, 4,000 bushels of grain, 20 bushels of alfalfa seed and enough hay and straw until the grass grows again. A fire gong had also been installed. It was estimated that the buildings were now adequate for all requirements and in good repair so that no further capital expense would be necessary for a number of years.

HOLY LAND'S OLD MASTERS GIVE WAY BEFORE PRELUDE CODE OF BOY SCOUTS

That the youth of Palestine—Jewish, Moslem and Christian—were getting the age-old antagonisms and hatreds of their fathers and accepting and living the brotherhood code of the rapidly growing Boy Scout movement, was the statement of Stephen A. Haboub, world traveler, and formerly a Galilean shepherd, a recent visitor to Ottawa.

The Boy Scout movement in Palestine is breaking down the religious racial barriers that have existed throughout the centuries, and already has eliminated many bitter prejudices and misunderstandings between Moslem, Christian and Jewish boys.

"When I was a youth, Moslem and Christian boys never thought of greeting one another with a friendly word. We were enemies by virtue of ancestral and religious beliefs, and when we met it usually was to fight.

Today, thanks to the Boy Scout movement, boys from Moslem, Jewish and Christian homes are meeting on a basis of mutual brotherhood and understanding. Through their association in Scouting, and instruction in the world brotherhood principles of the Boy Scout code, the boys are learning to play the game of life together, and to forget the difference of race and creed."

This was true not only in Palestine, according to Mr. Haboub, but equally amongst the youth of Transjordan, Syria and Iraq, and promised to play a possibly important part in the ultimate solution of the racial and religious problems of the Near East.

The schools, colleges and universities established by missionaries and missionary societies were credited by Mr. Haboub with fostering the development of the various Boy Scout troops. St. George's Cathedral and School at Jerusalem and the American University at Beirut were mentioned as notably active sponsors of the movement.

Peter's Great Confession

International Uniform Sunday School Lesson, January 13th.

GOLDEN TEXT: "And Simon Peter answered and said, Thou art the Christ, the Son of the Living God." (Matt. 16:16)

LESSON PARABLE: Luke 9: 18-36: 1 Peter 2: 5, 8.

"Simon, would you, let's better far To cross the days with sleep. Thus face the road, the wind, the rain. To face the calling (deaf) Thought, set, nor blow, nor space I fear. Yes! I, deeply too, Let death abound great and claim me 'tis I keep life's rendezvous."

Crowd Thinking, 12, 18.

Democracy can count heads, but cannot weigh them. A majority vote does not decide the issue. It does not decide the issue. It does not decide the issue. It does not decide the issue.

The disciples band having been in the immediate company of Jesus for several months, were in a position to give a candid judgment concerning their Master. They had seen him at work and at rest and had begun to understand his purposes. It was not until the night of the 13th that they would stand or fall. Hearing the words of Jesus, the disciples were amazed. They had never before heard him speak in this way. They had never before seen him so earnest. They had never before seen him so earnest. They had never before seen him so earnest.

SCHOOL OR JOB?

"The trouble with youth," a man who knows boys recently commented, "is its youthfulness." If the speaker had used explanation, he added, let us be said that a prime characteristic of youth is an urge for activity. If opportunity for its expression is not given through schools, and jobs are unavailable, it is to be wondered that unadjusted boys and girls experiment in fields that lead to conflict with law and order.

The dangerous age for a youth is the period when he is reaching adolescence and early maturity. Statistics prove this. In England and Wales forty-two per cent of all persons found guilty of indictable crimes last year were under twenty-one. In the United States according to Department of Justice reports, two-thirds of all arrests for crime involve persons between fifteen and twenty-four and those 19 years old lead any other age group.

No grand social scheme can solve the problem of unadjusted youth at one swoop. Boys and girls like their parents, are not cut to one pattern. But any adult does a real service who makes it possible for a young person to get a job, or to enter the best agency for life training that society has yet evolved, and when school days are over, to find suitable employment.—Mortimer M. Hill.

THE POWER OF WILL

There is no task, be it ever so hard. No battle, though ever so long. But the task may be done, and the battle won. If you will to conquer is strong.

There is no truth, be it ever so deep. No change, be it ever so great. But the truth may be sought and the change may be brought. If you will to master your fate.

There is no sea, be it ever so bad. No obstacle ever so high. But the sea may be sailed, and the obstacle scaled. If you have the courage to try.

There is no sin or mistake of the past. Can keep you from reaching your goal. If you but tap the source of that deep hidden force. Which lies in the depths of your soul.

NO WONDER HE FELT AND LOOKED SO MUCH BETTER

Half in fun and half because he occasionally "felt punk", a college fellow joined other students to form a test class or club. It was decided to test on this class the recuperative power of a certain tonic preparation, the formula of which was known to have blood-building qualities.

Like the other 20, this young man's blood was tested and the "amount" of red corpuscles and red coloring matter was found well below normal. So wonder he "felt punk" at times. He was given the tonic and returned in thirty days to have his blood tested again. There was no wonder he felt better. He looked it and felt it. His blood test showed that red corpuscles and red coloring matter were strikingly increased. No wonder he felt and looked so much better.

Would you like to feel better, too? Would you like to be kept again about study or work or play? Then take this "tested tonic" which proved such a benefit to the forty college students. It reduces well being by increasing the red corpuscles and red coloring matter of the blood. These carriers in the blood stream which must be kept up to normal numbers if the person is to possess health and vitality. This tested tonic is Dr. Williams' Pink Pills. Easy to take whether at home, at college or at business. Recommended for all who feel run-down, overworked, nervous or "low", or are underweight. Your doctor has this tested tonic—Dr. Williams' Pink Pills, price 50c, 50.
