The newly appointed Relief Commission held its first regular meeting on Monday, April 1st in the Waterworks office. Twenty-nine families with a total of 100 individuals received relief during the month of March. \$403.28 was expended in addition to a sum of \$83.00 spent on county road work for Pebruary.

It was decided to sak for volunteers to assist in the supervision of potato and vegetable gardens for this summer. Will anyone with experience in this kind of work and willing to help some others make a success of their gardens please communicate with the

Rumors are at times circulated that some one or other of those receiving relief are unwilling to work and have at times refused work. If there is any truth in these rumors such conditions cannot be remedied unless they are properly and fully reported directly to some member of the Commission. If such information is given to A. After a very enjoyable and successful season. Georgetown Curiers and friends enjoyed an informal dinner at the Hotel McOibbon last Priday night. President, H. Davidson, was chairman of the evening, and after all had partaken of the sumptuous repast, announced the toast list. Short speeches were made by W. V. Grant, John D. Kelly, Raiph Ross, Mayor Gibbons, Warden Harold Cleave and others. There were twenty-nine curiers and visitors present.

UNION

The Union Euchre Club held their closing meeting for the season on Friday evening at the home of Mr. and Mrs. J. C. Cook. Meeting weekly in

friendly rivalry in this way fosters a fine community spirit—and the meetings were very enjoyable. The officers were: Andrew McDonald, president; Mrs. A. Dolson, secretary. The highest scores were held by Mrs. Frank Petch and Mr. Clarence Anderson, Ice cream and pie were served by the ladies.
