The Latest Development in HEAT

and MOISTURE Resisting Enamels

Here's What Nepto-lac

Will Do-

It can be used inside or outside.

It is heat proof-water-proof-tough

I It dries free in two to three hours

-and hard in from four to six

It leaves no brush marks.

I It requires no undercoating.

It requires no special thinners.

It has no strong or objectionable

It is easy to apply and can be brush-

If it hides unusually well in one cost.

ed back and forth as frequently as

-and durable.

moccessary.

STEAM

Look at the illustration! It shows

one of the severe tests to which Nepto-Lao Enamel was subjected. A

kettle partly filled with water, finished

in Nepto-Lac, was boiled for hours

over a strong open flame, without peeling or blistering.

Nepto-Lac is the answer of the Research Laboratory of The Lowe

Brothers Company, manufacturers of the famous "High Standard" Paints and Varnishes, to their many thous-

ands of Consumer Friends for an enamel that can be used with as great

success on Cooking Utensils—Hot Water Pipes—Radiators—Furnaces— Table Tops and other surfaces sub-ject to heat—as on Furniture—Walls

Nepto-Lac with all its unique and extraordinary features is surprisingly

economical. It sells for less than

many ordinary Quick Drying Enamels. Come in and ask for a free Nepto-

Lac Color Card and other literature

on this outstanding household product.

IN MICHORIAM

BLEIGHTHOLME-In loving memory of a dear husband and father. Arthur Eleightholms, who passed away April 9th, 1925. He lived his life and lived it well, With always a smile what'er betall; A cheery word he had for all What a seest memory to recall. -Sadly missed by Wife and Daugh-

WRIGHT-In loving memory of Joseph Wright, who passed away April 15th, 1854. The Lord called him, for he know

The death occurred at his home, Yaquesing, on Monday, April 1st, of
Thomas Early, a highly-esteemed farmer of Norval district. Mr. Early was
in his kind year and had apoint his
entire life in Esquesing. His death
occurred on the same day and at almost the same hour as his brother,
James, who passed away in brampton a year ago. Mr. Early was a son
of the late James Early and was born
on the 10th line, Esquesing. His marriad twice and by his first union with
Margaret Wilson, two some surviva.

To the Editor.

Buy chicks that put on weight fast. They mature earlier and begin earning money for you sooner. Bray's "Kira-Profit" chicks are known for rapid growth-you can almost see them grow !

According to many of last year's customers, chicks from "Mire-Profit" stock weighed more than a pound at 5 weeks old, and 314 lbs. at 9 weeks old. And they kept right on growing through the Summer months and made profitable, early lay-

through the Summer months and made profitable, early laying flocks.

Take the flock of Bray pullets raised by Wm. Kirkpatrick at Burgessville last year. He had pullets weighing up to 6 hs. 10 ounces at 6 months old — and they were giving him a 75% egg yield at that age.

The success of Bray chicks is a direct result of the careful selection of our breeding stock.

Our breeders are chosen for their actual capacity for work. Bray chicks have the qualities that make for profitable poultry keeping, bred right into them. The cockerel chicks make early broilers or heavier-than-average Fall market chickens.

The pullets develop rapidly and make early, productive layers.

We don't claim that every Bray flock will be laying 75% at 6 months. But it is not out of the way to say that most flocks of "Ktra-Profit" pullets begin laying at 5 months old, and many of them are laying 50% or better at 6 months old. Stop in and get a copy of our Pree booklet. See for yourself what-Bray "Ktra-Profit" chicks can bring you in dollars and cents next Fall.

The funeral will take place Thursday represented—Lorne Miles Magiment, Canadian Legion, Firemen, Lione, Constitutions; Mile Georgina Eccise and Mr. Oddfallows, Choral Society, Yourn Angus McNath, readings.

The death occurred at his home, Fa-bubble School School Board and Will follow Mr. and Mrs. Macdonald Public School staff, Legion Auxiliary to their new Lome in Toronto.

and are urged to have their applications ready for the first sitting in their Municipality, if at all possible.

HEALTH REPORT

The following is the report of communicable diseases by the MOSIL to Georgetown Board of Health for March, 1935:—

Illepburn, ar.

Mr. Alec Murray was taken to Toronto General Hospital on Monday where he is now critically iii.

Mr. Robert Addy is still quite sick in Christie Bt. hospital.

The Y.P.R. dramatic club are busy rehearsing again, and the A.Y.P.A. are busy practicing plays which they hope to enact soon.

A meeting of the Ladies' section of the Golf Ciub will be held at the home of Mrs. H. Langdon on Friday, April 12th at 3 p.m. Members, asso-ciate members and prospective mem-bers please attend.

This Year Feed Master Chick Starter

THE "ace" IN THE PACK OF STARTING FEEDS

Pood results are built right into Master Chick Starter, so you can depend on it to give your chicks the right start. Because Master Chick Starter contains more nourishment and balanced food value than other starting foods it raises better

Before you order starting feed anywhere, try and arrange to see chicks in your locality being fed Master Chick Starter. Then come in and let us show you the feed itself. It is uniformly granular in texture—neither coarse or fine. Chicks can't sort it over or waste it—they eat it readily just as it is provided and get a balanced ration.
