Independence is My
"I like to think about my perfect independence," writes a well-known author, "but I have found that what I mean is that I am a free old soul, and that the same old cultivate angels and devils are cooped up there with me, and I do just what they tell me, as usual."

The Price of Fame
"It's a fresh shirt every morning since my husband was promoted. I feel as if I could before he got so important."

Independence is My
"I like to think about my perfect independence," writes a well-known author, "but I have found that what I mean is that I am a free old soul, and that the same old cultivate angels and devils are cooped up there with me, and I do just what they tell me, as usual."

As with other crops, the surface soil of the rose bed should be kept loose by frequent shallow hoeing or raking. This will not only keep down weeds but will allow the air to enter the soil and conserve moisture.

According to the live stock survey at December 1, 1934, the number of hens and chickens on farms in Canada was 44,625,000.

The total producing areas of British Columbia, extending 250 miles northward from the main line of the Canadian Pacific Railway and includes the districts of Kootenay, Okanagan, Oliver, Similkameen, Okanagan, Vernon, Kamloops and Ashcroft.
