indications noted already in the prov-ince wide response to Hon. David ince wide response to Hon. David
Croil's "Adopt a Baby Week."
This beneficient secondary effect
of the campaign to "trade shalters
for homes" is shown graphically in
one of the several applications that
have streamed into the Children's Aid
Bociety following the appeal. In this
case the applicant explained to officlais that she had been thinking about
adopting a child for years but had
been afraid to mention it to her husband fearing he would not consider
doing so and thus shatter all her
planning and day-dreams. But the
"Adopt a Baby Week" lad the husband himself to speak of the subject
with the result that the wife was at
the office of the Children's Aid
the following morning.

the office of the Children's Aid the following morning.

With the appeal of childhood awaseping this province as never before in its history as the date of the quintuplets' birthday draws near, every part of Ontario, great metropolitan centres and little hamlets, are being organised into a gigantic crustade to get all children suitable for adoption out of institutions and into the happy environment of home life.

The first atep in the procedure of adoption, it is pointed out by the Department of Welfare, is to call or write to the local Children's Aid Society, where an application form will be provided. After certain confidential inquiries as to the ability of the adoptive parents to look after the child, their mental and physical health and character, they will be shown all the available data regards of child specialities, psychologists and as much detail of the infants' back ground of haredity as is awailable.

A large number of pretty and useful gifts were served. The evening was

### spent in playing cards and dancing. A delightful lunch was served at the HALTON JUNIORS ARE ACTIVE

The club programme initiated by the Milton Branch of the Ontario Department of Agriculture, during the past few years is again being stressed this year. Calf clubs have created a good deal of interest in the past and some forty boys and young men are enrolled in this project for 1935. Two grain clubs with a total membership of 35 are also faunched. That the girls of Halton are also receiving consideration is substantiated by the fact that three girls garden by the fact that three girls garden and canning club projects have been organized, and it is planned to organ-ize five or six clothing clubs during the next week or so. We understand that in co-operation with the Acton Pair Board a boys' foal club will be organized during the next few weeks.
Taking everything into consideration
1935 looks like a banner year for club
work in Halton. We congratulate the officers and directors of the Acton. Sociation and of the various Women's Institute Branches and others re-sponsible for this worthwhile work

amongst our young people. The family of the late John Mc-Donald wishes to thank their many friends, relatives and neighbors for their expressions of sympathy in their recent sad bereavement.
