A Barber who had Rheumatism

Tells How He Carried On

A barber who had been "a martyr to rheumatism" writes:—

"I have been a martyr to rheumatism for some ten years. For five years I was so affected that it was with the greatest difficulty I was able to carry on my business. I may say I am a barber by trade. After having tried numerous remedies, I was finally advised to try Kruschen and I am pleased to say that after having used Kruschen for some twelve months, I am now free from aches and pains than I have been for some ten years. In fact, I consider I am rid of rheumatism, thanks to Kruschen Salts."—W. M.

Two of the ingredients of Kruschen Salts are the most effectual solvents of uric acid known to medical science. They swiftly dull the sharp edges of the painful crystals, then convert them into a harmless solution. Other ingredients of these Salts have a stimulating effect upon the kidneys, and assist them to expel the dissolved uratic needles through the natural channel.

Beautiful New Cruiser Launched at Gravenhurst

When in Gravenhurst last Saturday, Mr. Roy Poulin and the Editor had the pleasure of inspecting the beautiful new 53 ft. cruiser built by Ditchburn Boats & Yachts, Ltd. for Mr. W. P. Matthews of Glendale, Ohio.

This luxuriously-appointed cruiser, which has been under construction for the past seven months, was launched last week. It will be taken by railway in a few days, after trial tests have been made in Muskoka Lake, to Georgian Bay at Midland and delivered to the owner's summer home at Pointe au Baril, near Parry Sound.

The launching was witnessed by a large number of guests, invited for the occasion by Mr. Herbert Ditchburn, president of the company, at four o'clock in the afternoon.

Mr. "Red" Foster, well known Toronto radio sports announcer and former Varsity rugby star, had charge of the ceremony, and in an interesting and concise speech gave a resume of the pleasure boat building industry in Canada during the past four years. He said this boat, "Ulrich Bark II." was the largest cruiser to be built in Canada during that period and paid high tribute to the company and their employees for their skill in producing such a beautiful craft.

This fine cruiser, which has many new and interesting features, was designed by Mr. Herbert Ditchburn to suit the requirements of the owner. It has an unusual amount of accommodation for its size, having five lower berths and four upper, as well as seperate quarters with two berths for the crew.

The type of interior finish as well as the majority of all appointments throughout are new and original. Nearly every piece of deck fitting and hardwood trim has been designed and made at the Ditchburn plant. The exterior upholstering is of blue leather and the interior of blue rep, monk's cloth, and the woodwork is finished in shades to harmonize and carry out a color scheme.

The power plant consists of two Sterling Petrel 225 h.p. gasoline motors, which, it is expected, will give a maximum speed of 30 m.p.h. and a cruising speed of 15 m.p.h. The cruiser is otherwise complete with an oil-burning galley range, refrigerator, lighting plant and is among the first cruisers to be built in Canada equipped with the latest and most approved fire prevention features.

W.C.T.U.

Friday afternoon last, Mrs. A. R. Vannatter, president of the W.C.T.U. welcomed to her home a large gathering of members for the June meeting, the last regular one until September.

The devotional period was conducted by Miss Coventry, assisted by Mrs. Money, the subject being "Jesus and our hungers" from the study book by Weatherhead. The author discussed, in a thought-provoking way the truth that the attempt to serve God and mammon is a sure way to make one's self miserable, for there can be no real happiness so long as the inner conflict exists between the desire to do God's will and the desire to please one's lower nature.

Mrs. Aitken of Ballinafad, whose removal from our district in the near future we much regret, very kindly brought a brief farewell message to the friends of the W.C.T.U. Quoting from a pamphlet, "Alcohol from a Social Standpoint" by Mrs. W. R. Lang, she lamented the headlessness and indifference of even some church people to the sin of putting temptation in the way of youth through following the social custom of serving alcoholic beverages at parties and on other social occasions.

Mrs. Blake Vannatter and Miss Betty Speight contributed two much-appreciated piano solos to the afternoon's program, among the business items of which were plans for the Halton County Convention to be held in the United Church, Georgetown, June 19th.

Mrs. A. J. O'Neill expressed to Mrs. Aitken the thanks and farewell good wishes of the W.C.T.U. members. The appreciation of the meeting was also accorded Mrs. B. Vannatter and Miss Betty Speight, our hostess and those who so kindly arranged transportation.

The September meeting will be held at the home of Mrs. Walter Peck.

T. B. FREE AREA SUGGESTED FOR HALTON

At a largely attended and enthusiastic meeting of the Halton Live Stock Improvement Association held in Milton on Wednesday evening of last week, it was unanimously decided to go on record as in favour of the proposal to include Halton in a Restricted T. B. Free Area. With President A. O. M. Bruyns of Acton in the chair the whole proposal was presented to the meeting by J. E. Whitelock, Agricultural Representative for Halton. It was pointed out by the speaker that under such a proposal compensation would be paid on all reactors, grade bulls and lumpy jaw cattle being excepted. It was also pointed out that it is only under the Restricted Area Plan of the Federal Department of Agricultural that the grade owner can secure compensation for his reactors. In addition to compensation equal to two-thirds of their value, the owner also receives their beef value. It was the feeling of many of those present that grade owners would lose nothing on the transaction and in many cases would be financially ahead. Needless to say all milk-slippers, whether grade or pure-bred owners, with the edict of Toronto Milk-Distributors staring them in the face, are decidedly in favour of such an area. Many cream shippers are also of the opinion that it is only a question of time before they too will be up against a similar market regulation demanding a T.B. free herd and therefore feel it is good business to have the test and secure compensation for reactors while it is being offered. The beef man also stands to gain from the increased demand for T. B. clean, grade and pure-bred cattle from outside buyers. That has been the experience of other Restricted Areas in the province where the cattle-owners today are 100% solidly behind the project. In the opinion of the majority at the meeting, the question of public health is the most important reason why Halton should not pass up this opportunity. Amongst those speaking at the meeting in favour of the proposal were: Reeve George Currie of Esquesing, Reeve Duncan Campbell of Nassagaweya, Reeve Victor Hall of Trafalgar, Deputy-reeve John McIlveen of Nelson, Councillor George Gordon of Nassagaweya, and Messrs. John McCormack of Appleby, John Robertson of Acton, Wilfrid Thompson of Hornby and Joe Willmott of Milton. A series of meetings to explain the proposal for a Restricted T.B. Free Area will be held and petitions will be circulated so that all cattle-owners may have an opportunity to sign.

Scripture Text

"But as it is written, Eye hath not seen, nor ear heard, neither have entered into the heart of man, the things which God hath prepared for them that love him; but God hath revealed them unto us by his Spirit." 1 Cor. II: 9, 10.

LIMEHOUSE

The Women's Missionary Society of the Presbyterian Church held their monthly meeting on Thursday last at the home of Mrs. Jas. Rose. There was a good attendance of members and several visitors. After the regular business had been disposed of, the meeting was addressed by Mrs. Martin of Brampton, District Vice-president of this section and also by Mrs. Rev. H. M. Coulter of Brampton, both of which were greatly appreciated. Later, Miss Willis Price sang and Mrs. McLean of Brampton recited, much to the enjoyment of everyone.

On Wednesday, June 12th, a number of the ladies of the Women's Institute attended the district meeting held in the parish hall in Acton.

The anniversary services in the United Church were well attended last Sunday. Inspiring messages were brought in the morning by Rev. Mr. Rumley of Georgetown, and in the evening by Rev. Mr. Knighton of Waterdown. The choir rendered special music for the occasion which was greatly enjoyed by the congregations.

On Monday evening, the garden party was held. On account of the heavy rain it could not be held on the lawn, but a large crowd gathered in the church and were well repaid for their effort to attend in face of the inclement weather. The program, consisting of community singing, solos by little Miss Nancy Meredith of Toronto, Messrs. Zeller and Simpson, Guelph; xylophone selections by Mr. Irvine Bolters and daughter, Guelph; a musical trio from Guelph, readings by Mrs. Lasare of Toronto, and a playlet "Easter" by a number of Toronto children, was excellent. There was not a dull moment in the entire program and the committee in charge deserve great credit.

Some of the visitors in the village during the week end were:

Mr. and Mrs. D. Doris of Hamilton and Mr. and Mrs. W. Milliere and children of Brampton with Mr. and Mrs. W. Milliere, sr.

Mr. and Mrs. C. E. Marshall of New Toronto, Mr. J. M. Marshall of North Bay, and Messrs. Wm. and Ralph Marshall, Mr. and Mrs. Alf. Marshall and Eileen of Toronto, with Mr. R. Marshall.

Mr. and Mrs. Edwards of Guelph with Mr. and Mrs. A. Hill.

Mr. and Mrs. W. Campbell of Toronto with Mr. and Mrs. Leslie Campbell.

Mr. and Mrs. Robt. Wheeler, Miss Bella and Miss Robinson of Georgetown with Mr. R. Marshall.

Mrs. Swackhamer and Miss Margaret attended the graduation exercises at 'Homewood' Hospital, Guelph, when Miss Doris Adams received her degree as a Registered Nurse.
