see, cannot be charged up to any one political party. It is the child of all the political parties, and was no doubt sponsored with good intentions, but this does not make it any better.

## SEEK PREE ADVERTISING

Incaute a paper is constantly seeking news to make its columns interesting to a wide circle of readers, many persons attempt to take advantage of the editorial staff by handing in advertising readers in the guise of news. When these are returned or do not appear in print, the readers usually take it upon themselves to hurl abuse at the paper. They consider organization and humanitarian services rendered by their special organization as worthy of all the free space they can get. If these is in this case, but we see that the doctor we haven't found out what the doctor. We haven't found out what the doctor. We haven't found out what the doctor did to remove it, glass cutters being of little use in this case, but we see the being of little use in this case, but we see the body going around with a bigger mouth than ever, and probably with a little more inside his head than when he had the billiard ball there.

The ball were to the the paper was both surprised to the guine of readers. To were the thet import the was both surprised to the time?"

"Mary!" He was both surprised to the guine frights. The bland, who had been staring a the girl indignantly, stepped forward the guine of ittle use in this case, but we see the being of little use in this case, but we see the being of little use in this case, but we see the being of little use in this case, but we see the being of little use in this case, but we see the being of little use in this case, but we see the guine for your allmant."

He had selsed a bottle from a absolute the doctor. The bland, who had been staring a the guine from the guine for your allmant."

He had selsed a bottle from a absolute for your allmant."

He had selsed a bottle from a absolute for your allmant."

It's not likely he will try it again for "That's his wife." where the paper would be if every Record. organisation received the same a-mount of the "free advertising" they expect for their own society, the criticism would cease. There are still people, too, who think the price they pay for their paper covers it cost of production. The amount paid does not pay for even the cost of materials would undoubtedly lessen the toll of used in its printing. A newspaper's accidents:
chief source of revenue is its adver1. Don't ever ride with strangers.
