George Sproule, Brampton Lacrosse Player Dies

He was First Winner of Murphy Trophy as Most Valuable and
Gentlemanly Player—Well known in Georgetown and
District.

The death occurred Monday afternoon at Toronto General Hospital, while undergoing an operation, of George Sproule, aged 43, of Brampton, for many years a star of the Kitchener lacrosse team, and well known to sport fans in Georgetown and district.

In 1931 he was the manager and played a few games, but unfortunately was unable to accompany his team to the Ontario Lacrosse Association tournament won the Mann cup in a series of three games.

During his career Sproule figured prominently in the winning of four titles for Ontario in 1920, 1921, 1922 and 1923. He started as a centre and a few years later moved to the position of right wing, and was an outstanding marksman of all time. He had a shift of the defence never known in lacrosse.

It is doubtful if through his long and successful lacrosse career he ever knew a day of idleness. He was a devoted family man, and is survived by his wife and four children, Helen, Beatrice and Margaret.

Missing Girl Found in Hay Mow at Norval

Following the finding of a note pinned to a barn door, police last Thursday made a frantic search of every barn in the district, and finally dragged the credit river in an effort to trace the whereabouts of Gladys Williams, a young girl, who had been reported missing under peculiar circumstances.

It was definitely ascertained that she had alighted from the bus at Norval, and had been in the mow for some time. She had been seen by a neighbour, and had been taken to the home of her mother, where she was found in a weak condition, but will recover.

GLEN WILLIAMS

Mr. Joseph Beaudoin returned home on Friday after being in New York and other American cities for two weeks.

David Guthrie, Veteran Locomotive Engineer Dies

We take the following from the "Star-Phoenix," Saskatoon, Sask.:
"David Guthrie, aged 60, veteran locomotive engineer at Sutherland, died Thursday. He had been a resident of Sutherland for 25 years and was widely known as a prominent member of the Brotherhood of Locomotive Engineers and the Sutherland Twin City Masonic Order, and the Royal Arch Chapter, Saskatoon. He was a past patron of the Eastern Star, Sutherland."

Three Car Accidents Over the Week-End

NO ONE SERIOUSLY INJURED—BUT CARB BODILY DAMAGED.
On Saturday afternoon last, while demonstrating a new car to Mr. W. V. Grant, Georgetown, Mr. Gordon Ross, Much damage was done to the new car when it turned completely over, but Mr. Ross's car was not so badly damaged. Mr. Grant and Mr. Ross, who was also a passenger in the car, were somewhat shaken up but not seriously injured. Both drivers were uninjured.

On the same afternoon, what might have been a serious accident, was narrowly averted when two cars got into a mix-up at "calmly corner," Guelph and Water Sts. The cars were little the worse of the accident and no one was injured.

About midnight on Saturday another car accident occurred at the corner of Queen and Murdoch Sts. The car, driven by D. Packer of Lussanook, was in a collision with a car driven by Stewart Leslie, Georgetown, who was badly smashed as the result of the impact. Chief Marshall investigated.

O.A.C. STUDENT BEVS "WARM IN REQUESTING"

One of the finest farms in Georgetown township, consisting of 150 acres, has been purchased by W. G. Tulon, who is a fourth year student at the Ontario Agricultural College, Guelph. The property, which has been sold by Russell-McPherson, has been known for the past 100 years as the "Old Farm" and is situated on a half mile north of Milton. When acquired by the late James Stewart the farm was virgin forest. It and the special farm, across the road, are two of the best in the township, both being quite level with just enough roll for drainage. The sale was negotiated by the late James Stewart.

MAY IMPOUND CARS

Minister of Highways Hon. T. B. McQueen over the week-end carried on his fight to keep down the highway traffic toll with a threat to impound the cars of reckless traffic violators.

In case of conviction for careless and negligent driving, the Minister warns the offending driver, the Minister's threat is to impound the car as well as to revoke the driver's license for a period of three months.

One of the most serious things immediate is criticism when all facts and factors are unknown.

BASEBALL

On Thursday night, July 15th the Georgetown Baseball Club are holding their regular meeting at the home of the club, 100 St. George Street.

GIVE THE CHILDREN A HOLIDAY

Do you live in the country? Are there trees, flowers and sunshine? Have you a house large enough to hold a little girl—or perhaps a little boy—each day?

Have you a garden where they could play—where they could hear birds sing, and watch squirrels scampering about the trees?

Over 800 little boys and girls are daily dreaming of the "little holiday" which will take them to the city where they can play in the parks, see the sights, and have a good time.

There are over 600 applications on hand now. The cases have been investigated and the children are really in need of a holiday.

Many hostesses have already written in—some in fact have already had two groups of kiddies, giving each of them two weeks' holiday.

Children in need of a holiday are really in need of a holiday. Many hostesses have already written in—some in fact have already had two groups of kiddies, giving each of them two weeks' holiday.

There is a little boy, eleven years old, who has been ill all winter. The Doctor pronounces him well again now—but he's very thin. Two weeks' rest in the country would work wonders for him. Who will father him up?

There is a mother who works frightfully hard, cleaning homes. She has a little boy and girl, ages 8 and 7. They have no place to play in the house.

There are lots of 13 and 14 year olds who would love to see a farm—on a farm, with horses, cows and chickens.

A father was killed in an accident. The mother has been ill—there is a little girl 13 years old. The mother is afraid to let her go away—since the accident, would somebody offer them two weeks' rest in a cool shady spot—away from their care and worries?

Hostesses are encouraged in every respect to accept the only thing recommended by the various agencies. They have all been examined by a Doctor from the City Health Department. They are taken care of until they are met at the train by their "fairly O.K." prospective hostesses.

Prospective hostesses are asked to send with their invitation a letter from a doctor, or a nurse, or some well-known citizen of their district, to P. N. Stapleton, General Secretary of the N.W.A., 23 Wellaley Street, Toronto.

Charles Maccham, a former Brampton boy, was chosen from a group of 50 to present the silver key of the new wing of the South-Eastern Hospital for Children, South-East London, England, to Her Royal Highness the Duchess of Kent.
