HUGHES CLEAVER, Liberal-Progressive Candidate for Halton County.

TO THE ELECTORS OF HALTON COUNTY

My letter this week is to labour and the small business man. The results of the present political parties have been so disastrous to both labour and the small business man that one hardly knows where to begin.

Let us examine present day conditions of the worker in Canada and study the report and our production of the present day.

It is common knowledge that there is sufficient annual wealth produced in Canada to permit all of our people to have plenty and to spare.

From a survey which has been made of our present conditions, it is estimated that without any further factory additions or new equipment the wealth annually produced in Canada, if equally divided, would mean just over \$1000.00 per annum for each of us.

Georgetown Baseball Club Tendered Banquet by Hunter's Inn

On Thursday night September 19th the Georgetown Baseball Club, players and executive, when they tendered a banquet at the Hunter's Inn...

The first part of the evening was spent in cards and social intercourse after which some seventeen sat down to a most wonderful and appetizing supper.

When we are told that we can produce more than we can consume, that is, that we are able to pay for, that, broadly speaking, is the case.

We have all read in the press during the last few years that we are producing more than we are consuming.

At this time Mr. Marshall called on behalf of the club to thank the club for their generous contribution to the banquet.

After a little discussion pertaining to future business and ball the club arranged to have their annual meeting on Thursday night, September 26th.

The most enjoyable evening came to a close by the signing of "For she is a jolly good fellow."

Time Table Changes Effective Sunday, Sept. 29
