LIBERAL CLEAVER
Liberal Candidate for
Halton County

HUGH CLEAVER
Liberal Candidate for
Halton County

TO THE ELECTORS
OF HALTON COUNTY:

In last week's paper one of my op-
erations took me to task in regard to
trade figures which I used in my pre-
vious letter and indeed questioned
their correctness. Notwithstanding
the criticism, I still stand by my state-
ment which I quoted to be absolutely
correct, but as they have been ques-
tioned I believe it to be only fair
that I should make a statement to
clarify the situation. You will find
all that I have obtained in my state-
ment in the Budget speech of the
Hon. Edgar E. Rhodes, as reported in
the Mail & Empire of March 22nd
and also in the Star of March 26th.
The following is a quotation from the
Speaker:

"Canada can tell a similar story."
Indeed the declared value of our
exports amounted to \$1,361,710,000
by 1932 when he had shrunk to \$576,
\$44,500.

It is evident from these figures that while high tariffs may pro-
tect a few industries for the country
as a whole they do not pay.
THE RESTRAINT ON TRADE WHICH
THROWN MEN OUT OF WORK
IN ALL COUNTRIES."

In regard to our position as a world
trading nation my readers will no
doubt be interested to know what
I chose between my opponents

statement that:

"Canada's record in maintaining
high tariffs has been surpassed by only
one great trading nation."

and the Budget of the Finance Minis-
ter reported in the Star of March 22nd,
page 6, column four:

"World statistics show that in
1934 Canada stood 48th in total
international trade."

It is not surprising that my opponent
is attempting to deliberately mislead
the public but I do say he is mis-
taken. If Canada had held her own
during the depression she would still
be 48th.

In regard to the butter controversy
I again say my opponent is mistaken.
I will be pleased to loan him the
British trade reports and the Canadian
Guardian of Sept. 7th, 1933.

BUTTER TRADE AGREEMENTS

The Liberal party under Sir Wil-
fred Laurier was the first to institute
a British Preferential Tariff. At that time
we all know there is no tariff wall be-
tween the provinces, that the Dominion
tariff is the only tariff.

In the fiscal year 1913-14 the
Liberal party introduced a tariff which
was enjoyed by all present.

On Sunday, Oct. 13th, the officers

ness part of the meeting a program

CEREMONY AND CRIMES

The Liberal party stands pledged
to the establishment of a truly na-
tional bank in place of the present Na-
tional Bank which we have at the present

time. The present National Bank is
national in name only because the
nation which is primarily owned by
the foreign banks.

The special topic he laid aside his
speech as arranged and gave a most
appropriate talk, giving the children
a word of warning to think and
think before they act.

Once a nation parts with its
control of its currency and credit
it matters not who makes the
nation pay.

Agreement of Mr. Bennett's
disregard the voluntary part of the ar-
rangement and introduce the prin-
ciple of bargaining. The other
countries did the same. Ottawa does
not give us the best of the deal.

Indeed part of our bargain was
most unfairly made.

Mr. Thompson is right in his state-
ment that the nation must be
responsible for its own acts.

As far as the "funds" are concerned
they are not to be blamed.

The government must be responsible
for the manipulation of currency
and credit is restored to
government and not to
foreigners.

The increase in the tax on the income
tax is as follows:

\$50,000.00 increased .321%
