RIB-ROOF
The great value for the money is the Rib-Roof. It is made of galvanized iron and is the best material for roofing. It is easy to install and lasts for years.

Eastern Steel Products

Older folk so frequently forget that the youngsters don't have a very good time, merely staying at home nursing their joints and resting themselves.

TAKE A TIP From NATURE

... Lay in your winter's supply of **HAMCO COKE** now!

"On sunny days prepare for winter blizzards." The animals of the field and forest obey this dictum by instinct—man's logic gives him the same good advice.

It is the height of wisdom to settle your fuel problem now. Turn your thoughts to Hamco Coke—order your winter's supply—and settle down for the coal, most trouble-free winter you ever had.

Hamco Coke is easy to bank at night and quick to respond in the morning. Think of those "extra" too—lighter on the shovel, maximum heat and complete freedom from dust or dirt.

Remember—coke will heat your home at a lower cost than any other hard fuel.

HAMCO COKE
Dustless
COKE

ENGLISH SCIENTISTS DISCOVERED COKE "WAY BACK IN YEAR 1600"

Although the Chinese are believed to have known the merits of coke 2,000 years ago, the credit for the re-discovery of coke as a practical fuel goes to an English scientist.

It was not until the middle of the 18th century that industry began to rely on coke in any considerable extent. By that time smelting with coke was in vogue in England and on the continent.

One hundred years ago the first Beehive Coke Ovens were built on this continent. The superior merits of coke as a heating agent were soon recognized and it was not long before coke was manufactured at the pit mouth of most of the coal mines in Pennsylvania.

By 1910, on this continent alone more than 44 million tons of coke were being produced each year. Since then, as the value of coke both in great industrial plants and in home furnaces has become more generally recognized, the increase in tonnage each year has been phenomenal.

In the coking process, the volatile matter is driven off from coal, leaving a fuel that is highly heat producing—a fuel which contains approximately 80% carbon, the vital heating element in all domestic fuels.

THE GATHERING PLACE

Life changes all our thoughts of
At first we think of streets of gold,
Of sales of pearl and dazzling light,
Of shining wings and robes of white,
And things all strange to mortal sight,
But in the afterglow of years
It is a more familiar place,
A home untried by me and tears,
Where waiteth many a well-known
face.

With passing months it comes more
near,
It grows more real day by day;
Not strange or cold, but very dear—
The glad Homeland not far away,
Where none are sick, or poor, or
old—
The place where we shall find our
rest,
And as we think of all we know,
Who there have met to part no more,
Our longing hearts desire home, too,
With all the strife and trouble
—Robert Browning

ELECTION RESULTS IN 1930

ESQUESQUING AGRICULTURAL SOCIETY
Held Another Successful Fair

Large List of Exhibits and Keen Competition—Exceptional Showing of Live Stock—Hall Exhibit the Best in years—Lorne Rifles (Scottish) Band gave Musical Program

Notwithstanding the unfavorable weather, Esquesquing Agricultural Society's eighty-ninth annual fall fair held at Georgetown last Friday and Saturday was a splendid success.

The exhibits in the hall and on the grounds were the best in years. The showing of live stock, cattle and horses especially was exceptionally fine, while that of sheep and pigs was much above the average.

The hall never looked better and the quality of the articles exhibited was all high-class. The display of live stock and vegetable was fine. The large home-made baking exhibit was tastefully arranged and the display of art objects, musical instruments, and other articles, and the various fruit and flowers, was much above the average. There was an excellent showing of art quality apples, and other fruit and flowers.

A feature of the show that attracted many of the ladies was the very large showing of fancy work, fine art, etc.

The Girls' Home Garden and Canning Club and the Gown Grain Club exhibits were very attractive and were quite favorably commented on by many who visited the fair.

The Lorne Rifles (Scottish) Band played an excellent program of music during the afternoon. The musical attractions proved quite enjoyable to both young and old, and the day throughout was thoroughly enjoyed by the large gathering present, notwithstanding the somewhat inclement weather.

President George Leslie and the Directors of the fair are deserving of much credit for the success of the fair for the splendid success achieved.

Following is a list of the prize winners:

ACTON

The C.M.R. crossing on Mill Street is greatly improved since the asphalt road was laid to the proper grade. The track leveling and complete work is a decided improvement. Several blocks of the recent sidewalk have been removed and the pedestrians have apparently not been so well cared for as the motor traffic. Possibly that will yet be remedied.

At a meeting of Acton Free Library Board on Monday evening, the Book Purchasing Committee was organized. Mrs. George Davill, Chairman, A. Y. Brown, Secy. E. Brington and Mrs. H. P. Watson, Librarian. The monthly reports of the Librarian were also presented and the accounts for rent and books passed for payment. A letter from the Library Department gave a list of the contents of the various libraries in Halton County.

A native of Erin township and lifelong resident of this district, Mrs. Wm. Walker passed away on Monday in Brampton, in her 81st year. For some months Mrs. Walker has been in failing health and since the death of Mr. Walker, about a year ago, she has gradually declined. She was the daughter of the late David Smith and Emmaline Beatham, of United Empire Loyalist stock, and possessed a large estate. She was born in Erin township and spent her entire life here. She was first married to Thos. Hyder, and resided on the farm on the third line, just east of Acton for many years. Following his death she removed to Acton and established her home on Mill St. in the little cottage adjoining the Free Press building. A. Y. Brown, who presided over Mrs. Walker's funeral, who presided over Mrs. Walker's funeral.

The Good Book tells us where charity begins, but no one knows where it will end.

BALLINAFAD

Mr. and Mrs. Wm. Kirkwood of Erin were visitors at the home of Mr. J. Kirkwood last week.

Miss Phyllis Foreman of Toronto spent the week end with her parents, Rev. A. and Mrs. Foreman.

The regular meeting of the Happy Helpers Mission Band was held Friday evening in the church. Twelve members and four visitors being present. The roll call was answered by repeating one of God's Promises. Those taking part in the meeting were: Wood Shortall, scripture reading; the memory story by Vera Long street; Norma McKenzie read an interesting story on India and the topic was given by Mrs. W. Shortall. A dust by Marguerite Kenner and Joanna Shortall completed the program. A work meeting will be held on Saturday, Oct. 19th.

The V. P. Society held their devotional and missionary meeting Sunday evening, Oct. 6th. The devotional topic "How Jesus reveals Himself" was given by Fred Shortall and the missionary topic from the fifth chapter of the study book was prepared by Mrs. B. Hillie, the convener. A dust by Pearl and Alma McNery was rendered in their usual capable manner. Plans were made for attending the fall rally in Oakville next Saturday. The next meeting will be held on Monday evening, Oct. 21st.
