Three prominent local judges, assisted by the audience, will decide the winners. All seats reserved. Admission: adults 25c plus tax, children 15c. Plan at Robb's Drug Store, Secure your tickets early.

Local Prizes Good

The sale of thoroughbred hogs and sheep of the estate of the late John F. Robertson, Acton, showed the upward trend of prices. The highest-priced boar was $70 and bred sows averaged over $50. Other stock went at corresponding good prices. These prices show the local market to surpass others when it is considered that on that same day, at the sale of South Simcoe Yorkshire Swine Breeder's Club, bred sows averaged $37.15 and the top price paid for a boar was $50. R. J. Kerr was in charge of the local sale.—Free Press.

ACTON, ENGLAND, PRESENTS FLAG TO ACTON, ONTARIO

Members of the British Educational Society now touring the Dominion have brought with them a flag, the gift of Acton, England, to its namesake in Canada. The emblem was publicly accepted with due formalities at a meeting of Acton, Ontario, citizens held in the town hall, at which greetings were ordered sent to the people of Acton, England.

Nickols and Russell Varey next in line. Prizes for the race were donated by Robb's Drug Store, Allan Law, D. Lloats, E. E. Magloughlen, H. Silver, Wm. King.

GEORGE CURRIE
Conservative Candidate for Halton County

TO THE ELECTORS OF HALTON COUNTY:

With regard to Mr. Bennett making 14½ millions, I would like to refer you to the 4th column of page 11 of The Toronto Daily Star, October 1, 1935, where Mr. Bennett speaking at Hamilton said, "There are a lot of unfounded rumors going around that I have made 14 million since the Depression. I have not made a single dollar in the last five years. My assets have depreciated."

As this is my last letter, I do not intend to go into a discussion of figures either to advance my cause or refute the arguments of my opponent. What are the proper figures I leave to you.

Farmers of Halton, I would like to refer you to the Federal Marketing Act which provides a way for getting proper prices and to the Empire Trade Treaties which have provided a great market for your produce and increased the prices thereby putting money in your pockets. If you feel that the Empire Trade Treaties, The Farm Loans Act and the Farmers' Creditors Arrangement Act enacted by the Conservative Government have been good for the farmer, then, I would ask you to vote for me. Fruit growers, and poultrymen of Halton, I would ask that you consider carefully the markets given to you by the Empire Trade Treaties and the protection afforded you by the Dumping Duties. If you feel that the markets so obtained and the protection so given against surplus American produce are of value, I ask that you support the Conservative Government for which I am the candidate. Workers in the factories of Halton, I ask that you consider these facts: namely, that the Conservative Government is pledged to and has already planned a Dominion-wide Minimum Wage Act; that the Conservative Government has introduced an 8-hour day and the 44-hour week providing more work for more people; that the Conservative Government has enacted the Unemployment and Social Insurance Act; that the Conservative Government is pledged to enact legislation allowing a reduction and readjustment of mortgages on urban property thereby giving security to the urban home owner and ultimately increasing the building trade; that the Conservative Government has enacted legislation regarding housing loans which will assist would-be home owners and at the same time increase the building trade and the work of all persons interested in the building trade; that the Conservative Government has pegged the price of wheat saving millions for the Western farmers whose prosperity will result in more buying of Ontario manufactured products; that the Conservative Government is pledged to and has already made plans to a considerable extent for a scheme of old age pensions at 60, such scheme not being compulsory but arranged to take care of anyone over 60 who cannot get employment; that statistics show that over 250 new industries have commenced business in Canada since the Conservative Government came into power, such being industries employing Canadian workmen, using Canadian factories and paying wages to support Canadian homes. To all persons, I would like to point out, that the Conservative Government has made reciprocal trade agreements with France, Germany, Austria, Poland and other countries, and is now trying to, and if returned to power will, negotiate a reciprocal trade treaty with the United States. The Conservative Government by its conversion of bonds has reduced the interest charges payable by the Dominion by over $14,000,000. The Conservative Government is pledged to the retention of Section 98. The Liberal Party through its leader, is pledged to repeal Section 98 so as to allow any person to publicly preach the overthrow of Government by violence and armed force without being liable to criminal prosecution. Is your property secure if Section 98 is repealed?

The Liberal leader, Mr. King, speaking at Kingston, stated that the great issue in this election is between parliamentary government and Government by executive. You are not particularly interested in those high-sounding words, but you are interested in the welfare of your family and yourself, and I say that the great issue in this election is whether the Empire Trade Treaties are to be renewed or ended and whether the policy of protection which has assisted our rural population and our urban workingmen and which has brought new industries and helps to negotiate trade treaties, should be interfered with and changed or whether it should be continued so that Canada may continue her progressive march out of the Depression. Remember this, you cannot buy no matter how cheap an article is if you have no money received from wages or the sale of your produce. So, if you are interested in receiving wages in a basket factory, a tannery, a spray factory, a woolen mill or any other kind of factory in Halton, consider carefully that the Conservative Government has helped the factories of this County and this Dominion. When the factory's business is good, helpers are hired. When the business is bad, the helpers are discharged. When the workmen are working, the farmer is able to sell his produce, but when the workmen are not working, their purchasing power is destroyed. When the farmers are receiving good prices and have a market for their produce, they have money to buy manufactured articles. I say to you that the Conservative Government has worked for you and that the Liberal party, hoping to win an election by "hard times" has not prepared a constructive platform and has nothing to offer you in the way of a constructive policy. As for the policy of Mr. Stevens, it is new, quickly drafted and untried and will bring confusion to the country and to you.

On October 14th, you must decide what Government is to control Canada for the next five years. YOU HAVE ONLY ONE CHANCE TO VOTE AND HAVING BY YOUR BALLOT SELECTED A GOVERNMENT, YOU HAVE NOTHING MORE TO SAY ABOUT THE MATTER FOR THE NEXT FIVE YEARS. It is, therefore, imperative that you make no mistake in picking the Government for the next five years. You must admit that the Conservative Government for the past five years has had to negotiate the Ship of State through very troublesome seas, and if you are fair, you will also admit that the Ship has been sailed skilfully and to the material advantage of all citizens of the Dominion. Do you want to change the Conservative Government for a Liberal Government such as was unable to profitably take care of Canada during "good times?" The changing or the re-electing of the Government of Canada is your privilege and your responsibility on the 14th day of October. On that day you must decide for the welfare of your family and yourself. Do not be led down by-ways by political catch cries of a national bank, international good-will or equitable distribution of wealth. If you make a mistake, your family and you must pay for it. If you choose rightly, your family and you will profit by it.

YOU CANNOT AFFORD TO MAKE ANY MISTAKE ON THE 14th DAY OF OCTOBER. VOTE CONSERVATIVE.

Yours sincerely,

GEORGE CURRIE.
