TOLL BROTHERS OFF TO SOUTH AMERICA
Georgetown and district readers who enjoyed the traveling "Hitching Round the World" as given in the United church last spring by Ellsworth Toll, were interested in the news item that the Toll brothers, Ellsworth and LeRoy, both of whom have graduated in theology since their memorable world tour, left Toronto on another thrilling trip that will take them down through Central and South America and around the Horn by bicycle. Aside from their intensive study of the age-old sites of civilization they shall gather pictures and stories for another interesting travel talk for presentation to Ontario audiences on their return.

ACTON

Roadways off the main highways have been very treacherous. Many a farmer has performed to use the horses rather than attempt to travel on them with a car.
The late Mr. James Wansborough better known as "Jim" in and around Acton, passed away on Sunday last in Toronto. He had retired from his work a few years ago, as Chief Dispatcher at the Union Station in Toronto, which he had held for forty years, with a splendid record for accuracy. Deceased was a first cousin of late R. H. Wansborough, of Acton.
Friends are pleased to learn that Mrs. H. W. Hinton was able to return yesterday from the hospital in Toronto, and hope her continued recovery will be speedy.
Mr. Clarence Anderson, who has been in Guelph Hospital for the past five weeks, was able to return home this week. Acton friends wish him a prompt recovery.
Free Press readers and many friends regret to learn of the illness of Mr. John S. Coleman, of Turner Valley, Alberta, and all hope he may soon recover. The letter this week, written under difficult circumstances is appreciated.
The high school students held an enjoyable skating party last Thursday evening. Following the skating, the pupils assembled at the school, where refreshments were served and a social time were spent. Opportunity was also made at this function for the scholars to express their regret at the removal to Toronto of a fellow student, John Drake, and their appreciation of his fellowship and work as President of the Literary Society.—Free Press.

NO MAN IS TOO POOR
No man is too poor to take his local newspaper, and it is false economy to get along without it. Hardly a week passes that something does not appear in its columns which will be of financial benefit to you, and by the end of the year you have made or saved from one to twenty times its subscription price, says the Kingston Reporter, and we heartily concur with this statement. The city papers do not take the place of your local paper, although some people seem to think they do. The city papers are alright in their way, but they do not give you what you are most interested in your community. You cannot learn from them when public meetings are held and the more intimate things of the community. Such matters city papers cannot furnish but your local paper does.
