JOHNS-MANVILLE "FUL-THIK" Means Full-Satisfaction in Home Insulation JOHN'S-MANVILLE Rock Wool Home Insulation is "FUL-THIK." That is, it's not skimped in any way, but gives you the full thickness insulating material experts say is absolutely necessary for maximum fuel savings—and all-year comfort. J-M Ful-Thik Rock Wool actually barricades your home against winter's cold and summer's heat. Equivalent in insulating value to 11 feet of solid stone! The men who install J-M Rock Wool Home Insulation are highly trained, experienced insulating engineers. The scientific pneumatic process of installation they employ is the most effective way of COMPLETELY insulating ALL the surfaces surrounding your rooms. It leaves no "empty spots," no "thin spots," no partially treated sections. No matter how inaccessible they may be to ordinary methods of installation, every nook and cranny is reached by the special J-M blowing process, providing a full, even blanket of Rock Wool all around your home. It is your assurance of receiving ALL the benefits of home insulation. Write for your FREE copy of "Comfort that Pays for Itself."
