News and Information For the Busy Farmer

Bright Poultry Outlook

The egg market is reported as unusually strong at present.

Present prospects for crops both in the East and West are the best for several years, and while it is too early to predict with certainty how they will turn out, present conditions give some promise that poultry feed will be reasonable in price over the remainder of the year.

When your neighbor goes wrong, you want the home newspaper to tell all. When you go wrong, it occurs to you that the people are not concerned about your private affairs, and that your trouble has no news value.—Atchison Globe.
