The prospective juror asked the court to be excused.
Prospective juror (explaining)—I owe a man \$10, and as he is leaving town today for some years, I want to catch him and pay him the money.
Judge (in a very cold voice)—You are excused. I don't want anybody on the jury who can lie like that.

Sir William Went Fishing

As a Guest of Jack Willoughby at His Beautiful Georgetown Estate—And He Catches Fish

As he has done every May for many successive years, Sir William Mulock, Canada's grand old man, last Friday week returned to his fishing hole at J. A. Willoughby's beautiful estate at Georgetown, Sir William caught eight speckled beauties on the fly.

In spite of a high wind, which caused the water to be choppy, and the double with a brace of Parmachenee Belles, landed them, then gave them to Mrs. Agnes Young of Ballinafad, who was 11 years old when Canada's grand old man was born.

If you are as good at arithmetic as Sir William is at fly casting, these figures will tell you that Mrs. Young is 105 years old. She'll be 106 in September, and now lives within two concessions of where she was born in 1833, when William the Fourth was King.

As though making a joke of Sir William's visit, the old lady, who lives with her three daughters, said: "I know if I lived long enough a very kind woman would visit me, and here you are. Now I'll have something to talk about for the next few years."

As proof that the whip of his arm hasn't lost its sting after 94 years, Sir William hooked a trout on his first cast—but that one got away. Later in the day he snared another double, but one of those slipped from the hook as he was working it into a landing net. Those were the only ones to get away.

A splendid picture of Sir William with his string of trout and Mr. Willoughby, taken at the ponds appeared in Saturday night's Star.

Mr. Gordon Sinclair was one of the party who accompanied Sir William on the fishing trip to Georgetown.

Some sections of the town have not been canvassed. Any citizens who have been overlooked in the canvass and who would like to join, might hand their fee to Mrs. J. B. Mackenzie. They will receive a shrub and six special gladiolus bulbs.

HALTON PRESBYTERY MEETING IN ACTON

Halton Presbytery of the United Church of Canada met for the regular conference in the United Church at Acton on Tuesday, May 3rd. Morning and afternoon sessions were held, with the Rev. Finlay Matheson, of Burlington, in the chair.

Thirty-five delegates were present, representing every charge within the smallest Presbytery of the Hamilton Conference.

Routine business and reports from the various churches' showed the work to be in an encouragingly healthy condition with increases in membership and finances of every department.

Election of officers for the Presbytery resulted in Rev. J. F. Clugstone, B.A., B.D., of Freeman, being elected to the chairmanship for the coming year, and Rev. A. O. W. Foreman, B.A., of Ballinafad, re-elected as Secretary; Rev. J. T. Heslop, of Aldershot, re-elected as Treasurer.

The Rev. Charles Joffe, of Glen Williams, gave a very illuminating address, explaining conditions in China, and expressed the conviction that the Christian Church in the Orient will prove its great worth in the life of that far off part of the world.

A more vital interest in Christian missions on the part of the home church will not only save the situation abroad, but also our church here in this fair land," concluded the speaker.

"The church that is not missionary in spirit and deed is doomed to failure."

Much time was spent in discussion of social service work, and ways and means of coping with the needs of this department.

The question of sweepstakes came up for some discussion, and the Presbytery went on record as definitely opposed to this or any form of gambling.

Hamilton Conference will be held in Wesley United Church, Galt, commencing May 31st, until June 7th.

Besides Dr. Morrow, pastor of the local church, Messrs. G. G. Emery and J. H. Denny were made members of the coming Conference.—Free Press.

Inspector Denyes Retiring

AFTER TWENTY-SIX YEARS OF FAITHFUL SERVICE IN THE PUBLIC SCHOOLS OF HALTOWN

Teachers will be in great demand throughout Ontario in the near future is the prediction of J. M. Denyes, after 26 years as Inspector of Public Schools for Halton county, who is completing his final year of outstanding service.

"Where there has been a vast surplus, there may soon be a dearth," is the prediction of J. M. Denyes, after 26 years as Inspector of Public Schools for Halton county, who is completing his final year of outstanding service.

"What is needed is a public sense of the teachers' responsibility and a recognition of the service they render to society."

Most of Wentworth county was included in his inspectorate when he was appointed in 1912. He had already been principal of Newburgh high school assistant principal of Whitby collegiate and principal of Oakville high school successively.

His first teaching experience, he recalled, was had when he organized South Finch continuation school in Stormont county 42 years ago. "I taught all three forms, being the only teacher there," he stated. "It was a night and day job for \$35 a year. I taught English, mathematics, science and languages. It was no picnic."

After 22 years of experience with school children, Inspector Denyes looks upon use of the strap as "primitive punishment." "You don't change the child with the strap, you only subdue it. Very little of it survives in Halton."

The inspector attributed much of the success in Halton schools to the stress placed on written and oral English. "My slogan to the teachers has been," he said, "Every lesson a lesson in English." It is through progressive use of the mother tongue that all educational advance is made and clear thinking can be promoted only by facility in speech. The new course of studies emphasizes this aspect of training. "It trains children in practical thinking."

The inspector gave this advice to young teachers just beginning: "The first essential to success is poise, the second is poise and the third is poise. A teacher must have the interest of his pupils in his heart and demonstrate them outwardly in his every movement in school. Only in such an atmosphere can there be co-operation with a dominating attitude, a teacher will get nowhere."—Toronto Star of May 7th.

A banquet and entertainment in the evening brought to a close a very successful district meeting.

Hutchinson landed two beauties, one 14 inches in length, the other nearly 14; Don Toletzka caught six averaging 9 inches, and Clarence Hill got ten averaging 8 inches.—Champion.

My father used to say: "Never suspect people. It's better to be deceived or mistaken, which is only human, after all, than to be suspicious, which is common."

"Is he fresh? Why I had to slap him three times before I let him kiss."
