### OBITUARY

**JOHN CAMERON**  
Walking toward the milk house with a milk can late Tuesday afternoon, June 21st, John Cameron, 86, father of Reeve Norman Cameron of Chinguacousy, slipped and died within a few minutes. Death was due to a heart attack possibly aggravated by the extreme heat, pronounced Dr. Colin Heggie, the family physician. Mr. Cameron was of Scotch parentage and had been born at Cheltenham. He had been a life-long resident of the township. His wife, formerly Miss Margaret Early, predeceased him 30 years ago. There are no other immediate survivors besides his one son, Norman. Mr. Cameron was a member of Mount Pleasant United Church. The funeral took place from his late home to Norval cemetery Thursday afternoon.

### MILTON

At the close of the program of the Halton Home and School Council at Bronte, an address was presented to Mr. J. M. Denyes by C. L. Rayburn, vice-president of the council, in appreciation of his work in the interests of education in Halton county, on the occasion of his retirement from the position of public school inspector for Halton. An interesting feature was a display of work done by pupils of the schools.

Mrs. Samuel Hill, of Jarvis, was hostess to a supper party at Lake Erie on Thursday evening last, in honor of Miss Helen Proud, principal of the Jarvis continuation school, who is leaving to accept a position in the Milton high school.

Mrs. Samuel Harrop of England, is visiting Edwin Harrop and Mrs. R. B. Galbraith.

Miss Margaret Smith of Listowel, is visiting her grandmother, Mrs. Victor Norris, for a week.

Postmaster R. M. Clements and Mrs. Clements left on Monday morning in their car for North Bay, where Mr. Clements attended the postmasters' convention. From there they proceeded to Timmins, where they visited their son, John, at the Hollinger mine.

Mrs. W. S. Chisholm and Mrs. W. J. Moore left last Saturday for Rochester, Minn., after receiving word of the death of their sister, Mrs. D. M. Johnson.

R. E. Gollins has returned from an enjoyable trip to England and Scotland. While in Scotland he visited his old friend, John Kirkland, formerly of Milton, and attended the Empire Exhibition in Glasgow. — Champion.

### HE WAS ALWAYS TIRED AND ILL

#### Three Complaints Gave Him a Miserable Time

Suffering from three complaints—disordered kidneys, sciatica, and rheumatism, how could this man be anything else but always tired and ill? This is what he writes:—  
"Up to a month or so ago, I had suffered continually from kidney disorder, sciatica, rheumatism, and generally felt 'off' colour. I was constantly tired, and under medical supervision. I tried many remedies, but without effect until I gave Kruschen Salts a trial. In four weeks, Kruschen has brought about a complete transformation. I have a healthy appetite and once more feel that it is good to be alive."—S.V.N.  
The kidneys are the filters of the human machine. If they become sluggish, impurities find their way into the blood-stream, and the seed of half-a-dozen common ailments is sown.  
The scientific combination of salts in Kruschen quickly coaxes the kidneys back to healthy, normal action. Soon your ailments are relieved and life becomes a joy again.

### Norval Presbyterians Celebrate Centennial

Large Gatherings at Both Services on Sunday Enjoy Sermons by Former Pastors—Garden Party Monday Evening

The Centennial of the opening of Norval Presbyterian Church was celebrated on Sunday last, when special services were held and the beautiful church edifice was filled to overflowing.

Two former ministers occupied the pulpit and delivered earnest and inspiring addresses which were much appreciated and enjoyed by the large congregations.

Rev. Mr. Turner preached in the morning and Rev. Wm. Patterson in the evening.

On Monday evening a garden party was held on the church lawn when a splendid program was given by the Happy Cousins Concert Co. and the Lorne Scots Band of Georgetown.

An historical sketch of the church appears on another page in this issue.

Maybe the "sea monster" that is reported as disporting itself at Wagsa Beach had heard there was lots to see there in the summer and thought it would come along and see for itself if all the things it had heard were true.
