ENJOY AN ELECTRIC RANGE Now!

Here are the THRIFT PLAN details

To all citizens of Georgetown and Glen Williams installing Electric Ranges, the Local Hydro Commission will make a grant of \$20.00 towards paying the extra cost of installing a three-wire service where required. This offer is good until August 1st, 1938.

Ranges must be purchased from local dealers in Georgetown in order to secure grant.

CHOOSE an electric range for cleanliness... there's no flame—no soot—no fumes. Pots and pans stay shiny new. Walls, ceiling and curtains keep fresh and immaculate.

Choose an electric range because it's cool... doesn't raise kitchen temperatures even on the hottest days... cooks just the food, not you.

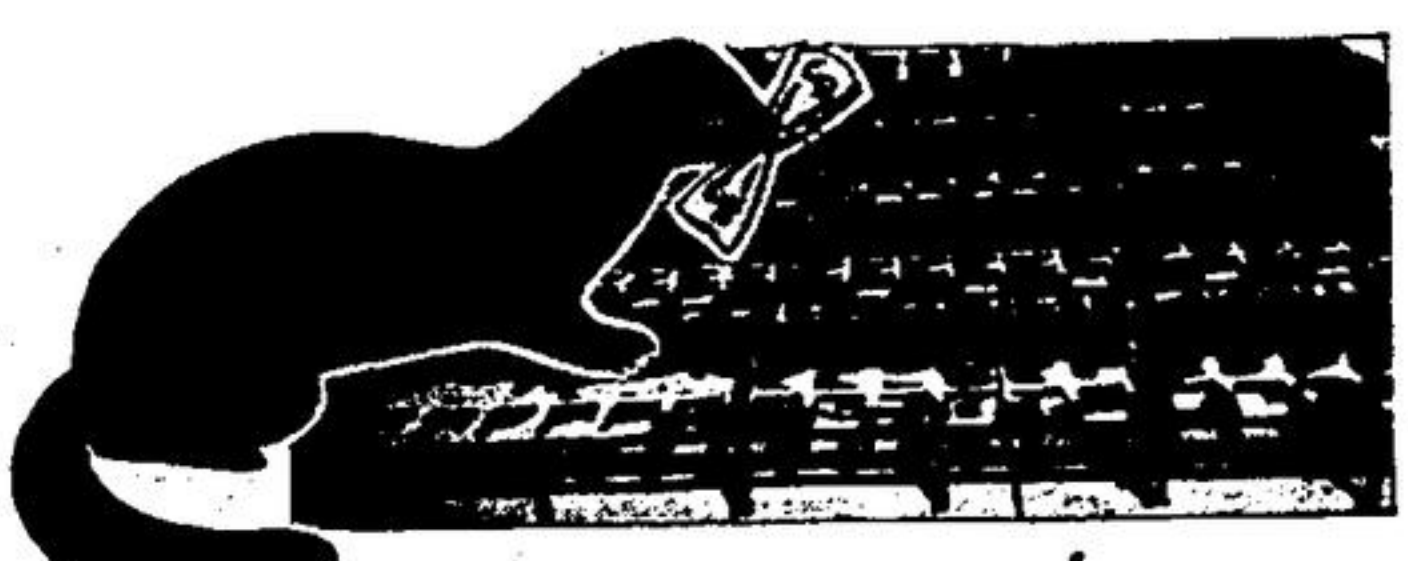

Choose an electric range because women themselves have proved it is fast-cooking and thrifter... because it ends drudgery... because it makes every meal a success—a triumph of taste.

And choose your new electric range now. It's so easy to buy on the HYDRO Thrift Plan! Read the details now.
